Attached is the summary and detail of the 2020 budget deliberations and amendments to date. 2020 New Initiatives, and 2020 One Time Projects (Attached) that have been recommended by Council, and incorporated into the draft 2020 Operating budget. After the December 11<sup>th</sup> Budget Council Meeting, administration reviewed some calculations, and the overall gap, related to the Draft 2020 Operating Budget is \$113,761 (tracking sheet attached).

As this is a draft budget based on anticipated assessment reductions, as discussed with Council previously, there are various options Council could consider to continue to mitigate these gaps namely;

- 1- Reduce Service Level
- 2- Increase Fees
- 3- Defer/Reject/Amend New Items
- 4- Increase Tax Burden
- 5- Any combination of the above

Administration is prepared to discuss any other options that Council may wish to assist in the budget deliberations.

Meeting: Budget Council Meeting

Meeting Date: December 18, 2019

Presented By: Doug Munn, Director of Community Services

Title: Mackenzie Wellness Centre Project

#### **BACKGROUND / PROPOSAL:**

The Mackenzie Aquatic Society made a presentation to Council on October 23<sup>rd</sup> where they presented a capital expenditure cost to build the Mackenzie Wellness Center in the amount of \$25,700,000. It may be possible to receive 40 to 50 percent funding through the Investing in Canada Infrastructure Program (ICIP) grant program.

At the December 11<sup>th</sup>, 2019 Budget Council meeting, this item was tabled for administration to provide the following information:

- 1. **Question:** Is the new Local Government Fiscal Framework (LGFF) Grant able to replace MSI for the 33% Provincial portion of the grant?
  - O Answer: We contacted ICIP official and he reported that they have not received word that the Municipal Sustainability Initiative (MSI) program is being replaced/renamed. ICIP grant clearly states that MSI and Community Facility Enhancement Program (CFEP) are the only sources of Provincial funding that will be accepted. This ICIP official agreed to look into this item and report back to us.
- 2. **Question:** Are there any ineligible costs within the budget for the Wellness Centre?
  - Answer: A detailed budget was obtained from the Mackenzie Aquatic Society, and sent to an ICIP official with a request to identify any items which would not be eligible for funding. We are still waiting for their response.
  - Note: Any costs incurred prior to grant approval are not eligible including any engineering/consulting fees.

Council did also pass a motion to fund the County portion by Borrowing Bylaw in the amount of \$5M; however under the program guidelines, the Provincial portion of using either MSI or CFEP grants for their funding portion would still apply.

There are multiple funding sources under the ICIP grant stream. If the project is submitted at the full anticipated costs of \$25.7M then the funding below would be required:

Community Culture and Recreation Infrastructure funding source-

Source	Amount
ICIP Federal (40%)	\$10,280,000
ICIP Provincial (33.3%)	\$8,566,581
Mackenzie County/Other Sources	\$6,853,419
TOTAL	\$25,700,000

Rural and Northern Communities Infrastructure funding source-

Source	Amount
ICIP Federal (50%)	\$12,850,000
ICIP Provincial (33.3%)	\$8,566,581
Mackenzie County/Other Sources	\$4,283,419
TOTAL	\$25,700,000

If approved, Council would have to allocate future years MSI to fund this project in the amount of \$8,566,581 assuming that the entire \$25,700.000 is eligible for grant funding.

The ICIP grant will reopen in spring 2020.

Meeting Date: December 18, 2019

Presented By: Jennifer Batt, Interim Director of Finance

Title: 2020 Interim Operating Budget

#### **BACKGROUND / PROPOSAL:**

The fiscal year for all municipalities in Alberta is the calendar year i.e. starts January 1<sup>st</sup> and ends December 31. Municipalities need to adopt an interim operating budget to continue day-to-day operations until the annual operating budget is adopted by Council. Over the last 5 years the earliest Council has adopted the annual Operating Budget has been April 7<sup>th</sup>. Section 242(2) of the Municipal Government Act provides the legislative authority for Councils to adopt an Interim Operating Budget for part of a calendar year.

As administration is anticipating reductions in the County's linear assessments in 2020, administration is recommending that Council pass an Interim Operating Budget based on approximately 50% of the approved 2019 Operating Budget as detailed in Appendix I until all assessments are received. The recommended interim budget includes only approved programs and levels of services (i.e. no new expenditures, only base programs) and excludes one time projects, and extra-ordinary expenditures that may have occurred in 2019 or items being proposed in the 2020 Operating Budget Submission.

Until the final assessment numbers are received administration is not anticipate that another Budget Council meeting will be required until February to review operating.

Historically, when Council passes the Interim Operating Budget, they released 50% of the Non Profit Organizations Operating Grants that was previously approved. Administration is requesting a motion if Council wishes to continue this practice.

Author:	J. Batt	Reviewed by:	CAO:	

#### **OPTIONS & BENEFITS:**

The approval of an interim operating budget is required to comply with legislation since the 2020 Annual Operating Budget will not be adopted prior to January 1, 2020. The approval of the interim will allow for the payment of expenses for normal operating needs and the provision of services to the ratepayers.

#### **COSTS & SOURCE OF FUNDING:**

The municipality will be relying on its working funds until the 2020 tax levy.

#### **SUSTAINABILITY PLAN:**

This report ensures the fiscal plan for the municipality is approved within the framework required under the *Municipal Government Act*.

#### **COMMUNICATION/PUBLIC PARTICIPATION:**

This information and data within this report will form the basis for the financial reporting and monitoring of the budget to Council related to the fiscal year.

Meeting: Budget Council Meeting

Meeting Date: December 18, 2019

Presented By: Byron Peters, Director of Planning & Development

Title: Agricultural Land Expansion (County Land Use Proposal)

#### **BACKGROUND / PROPOSAL:**

The County has been lobbying for the completion of the previous agricultural land expansion sales for several years, along with lobbying for additional lands to be sold for agricultural purposes. Our understanding is that farmland expansion is a priority of the current government, and administration recommends that the County amplify communications with the province in this regard.

Lobbying materials were presented to Council at the August 27, 2019 Committee of the Whole meeting with regard to the agricultural land expansion. Extensive discussions were held and a lobbying package was prepared based on those discussions for presentation to the Minister in September 2019. A copy of this package was provided to Council.

Subsequently in preparation for a meeting with the Minister in November 2019, another letter was drafted regarding the County's land use proposal. The initial letter presented to the Minister was retracted and a revised letter was discussed at the December 10, 2019 Council meeting. Council requested that the letter be redrafted and that a letter also be drafted to neighboring municipalities and First Nations outlining the benefits that Mackenzie County feels exists for the region.

A copy of the draft letters will be distributed at the meeting.

#### **OPTIONS & BENEFITS:**

Author:	C. Gabriel	Reviewed by:	_ CAO:

#### **COSTS & SOURCE OF FUNDING:**

#### **SUSTAINABILITY PLAN:**

Agricultural land expansion and the associated servicing and spin off effects impacts nearly every aspect of the sustainability plan.

#### **COMMUNICATION / PUBLIC PARTICIPATION:**

Administration recommends that some form of public involvement be integrated into the agricultural land expansion process, should the project proceed. It is also recommended that the County meet with neighbouring jurisdictions to explain our priorities and objectives.
