2020 One Time Projects being carried forward are fully funded, and will have no negative impact on the 2021 operating budget. Administration will include the budgets for these projects in upcoming budget meetings once projects have finalized spending.

2020 Year to Date (YTD) Actuals do not include the costs associated to the Chuckegg Fire, and 2020 Overland Flood, with the exception of Wages & Honorariums. Most costs are anticipated to be recovered through the Disaster Recovery Program, or absorbed in the 2020 budget.

A copy of the Draft 2021 Operating Budget is attached.

#### **OPTIONS & BENEFITS:**

In order to reduce the deficit, below are some options Council should consider:

- Minimum Farm Tax and Mill Rate Review

### **EXECUTIVE SUMMARY**

### 2021 DRAFT OPERATING DRAFT BUDGET HIGHLIGHTS – MEETING YOUR NEEDS

Mackenzie County's track record of fiscal responsibility and providing value for the property tax dollar is once again reflected in the proposed 2021 Operating Budget.

The County's Draft taxation expenditures are proposed at \$31,504,519 which is a decrease of \$2,769,465 compared to the 2020 budget, however revenues also show a decrease of \$4,007,714, leaving a current shortfall of \$1,238,249. The draft budget does not include the approved Carry Forward One time projects, as they are fully funded by various sources, however do have an impact on the variance report. These shifts are mainly due to anticipated reduction in wages, engineering fees, fuel & oil costs, and contributions to reserves while budgeting for bad debt/write off of taxes, and an increase to the regraveling program, along with some contracted services. The County's objective is to have a balanced budget, once all service levels have been approved.

Not included in the attached Operating Budget is allocations to reserves as per policy, and the Town of High Levels Capital funding request.

As expenditures continue for the 2020 One Time projects being carried into the 2021 budget, they have been removed from this draft budget until later budget presentations, once all anticipated 2020 costs are identified. All 2020 projects are currently funded and will have no negative impact on the 2021 operating budget.

The County continues to be affected by many factors that put upward pressure on the budget. These include industry shutdowns, inflation, lack of provincial/federal funding, escalating infrastructure renewal and maintenance costs, changing legislative requirements and fuel/electrical utility cost pressures.

#### **Provincial & Federal Fiscal Retrenchment & Impacts**

The following are examples of additional challenges the County has managed as a direct result of fiscal retrenchment and policy impacts of the upper tier governments:

- The province has eliminated the requirement for social housing to pay property taxes.
- The unknown future impact of the Carbon Tax has been budgeted as an expenditure of approximately \$72,000 by the County on the goods (fuel, utilities, etc.) required for service delivery.
- Police Costing Model for 2021 are to be collected in January of every year.
- Imposing service standards changes via legislation and regulations without any financial support.
- Reduction in the grant received for Agricultural Services by approx. 30%.

#### **OPERATING BUDGET OVERVIEW**

The 2021 Proposed Operating Budget was prepared on the premise that the County will deliver the same level and quality of services approved in the 2020 Operating Budget. The decrease in the base operating budget is \$2,769,465, however revenues also show a decrease of \$4,007,714, leaving a current shortfall of \$1,238,249. # **REQUEST FOR DECISION**

Meeting: Budget Council Meeting

Meeting Date: December 9, 2020

Presented By: Carol Gabriel, Deputy Chief Administrative Officer

(Legislative and Support Services)

Title: Bylaw 1194-20 Fee Schedule

## **BACKGROUND / PROPOSAL:**

Administration presented amendments to the Fee Schedule Bylaw at the November 18, 2020 Budget Council meeting.

Further to that meeting the following additional changes are being recommended:

- \*November 18<sup>th</sup> changes are highlighted in yellow.
- \*Additional changes presented on December 2<sup>nd</sup> are highlighted in blue.
- \*Additional changes being presented are highlighted in green.

#### <u>Development</u>

An additional fee for Land Use Bylaw Amendment signs has also been proposed due to the high cost of signs provided to applicants by the County. The high number of Land Use Bylaw Amendments (Rezonings) in the past two years has made administration aware of the loss these signs cause the County.

Discharge of Caveat - \$10 fee plus file search fee. Approximately 10-20 per year. Budget Impact – Current -\$10 per transaction, Proposed \$10 x 10 searches = \$100.00

Road Closure – Administrative time, notifications, contacting Alberta Transportation, negotiations, council meetings, land payment/transaction, up to 2 year process. Approximately 1-5 per year.

Budget Impact – Current \$460 x 3 = \$1380, Proposed \$1000 x 3 = \$3,000

Advertising & Notification Cost – Advertising/notifications are needed for bylaws, discretionary permits, rezoning, road closure, etc. All costs associated should be recouped.

Address Change Request – No charge but receive multiple requests to change street/rural address depending on access. Approx. 25 per year  $Budget\ Impact - Current\ \$0$ ,  $Proposed\ \$100\ x\ 25 = \$2,500$ 

#### Solid Waste Fees

Administration contacted the Mackenzie Regional Waste Management Commission (MRWMC) regarding the fees charged for Dump Trailers. Administration previously recommended increasing the fee to \$200.00. The MRWMC charges \$250.00 - \$300.00 per load (dump trailer hauling construction waste) which works out to 3.2 and 3.8 ton at \$78.00 per ton.

Therefore administration is recommending to amend the fee to \$275.00.

Refer to the proposed Bylaw for amendments.

#### Fire Services Fees

The proposed change to the File Search fee for fire inspections and investigations will prevent confusion as it is now consistent with any other file search, which is listed earlier in the Fee Schedule Bylaw.

Fees for Fire Investigation Services were also listed twice in the Fee Schedule Bylaw, both in Safety Codes and the Fire Services sections. The proposed amendment ensures the fee listed in the Safety Codes section is used only for Fire Investigations while the fee under Fire Services applies to Inspections.

#### **OPTIONS & BENEFITS:**

Pass second and third reading of the Bylaw as presented, amended or table for further information.

#### **ANNUAL ELECTRICAL PERMIT PROCESS**

An Annual Electrical Permit may be issued to an establishment that employs a full time qualified Electrician or hires an electrical contractor to perform minor electrical upgrades or renovations (an electrical project value of less than \$10,000.00) on the premises identified on the permit application. Installations over \$10,000.00 in job value require a separate electrical permit.

The establishment shall maintain a current and accurate two-year record of all electrical upgrades or renovations and shall make it available to Mackenzie County upon request. The establishment is responsible for the electrical work required to satisfactorily complete the electrical installation covered by the permit.

A single Annual Electrical Permit may be issued to cover all minor electrical upgrades or renovations performed during a full calendar year or for a lesser period of time when required. The permit fee shall be based on a full calendar year.
