### 3. Debt limit calculation

Section 276(2) of the *Municipal Government Act* requires that debt and debt limits as defined by *Alberta Regulation 255/00* for the County be disclosed as follows:

	2012 \$	2011 \$
Total debt limit, on December 31	48,543,400	41,214,303
Total debt (principal on loans and loan guarantees), on December 31	-11,422,673	-11,543,933
<b>Amount by which debt limit exceeds debt</b>	<b>37,120,727</b>	<b>29,670,370</b>
Limit on debt service, in fiscal year	8,090,567	6,869,051
Service on debt in fiscal year (are interest & principal payments)	-2,215,062	-2,551,319
<b>Amount by which debt servicing limit exceeds debt servicing</b>	<b>5,875,505</b>	<b>4,317,732</b>

The debt limit is calculated at 1.5 times the revenue of the County (as defined in *Alberta Regulation 255/00*) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to identify municipalities that could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the County. Rather, the financial statements must be interpreted as a whole.

# 2013 Assessment and Property Tax

### **Why property assessment?**

“Property assessment is the process of assigning a dollar value to a property for taxation purposes. In Alberta property is taxed based on the *ad valorem* principle. *Ad valorem* means “according to value.” This means that the amount of tax paid is based on the value of the property.

Property taxes are a primary source of revenue for municipalities. Property taxes are used to finance local programs and services...

The assessment and taxation system begins with the laws outlined in the *Municipal Government Act*. All activities that are associated with property assessment and taxation are governed by this legislation and its regulations.” (1)

(1) *Guide to Property assessment and Taxation in Alberta, Alberta Municipal Affairs.*

### **How is the tax rate calculated?**

Revenue requirement / Assessment base = Tax rate

### **What is the County’s cash requirement?**

The County’s cash requirement worksheet identifies cash requirements for operating, capital and restricted surplus contributions purposes.
