# **PUBLIC HEARINGS:**

# 6. a) Land Use Bylaw Amendment to Rezone Plan 972 3735, Lot 2 from Rural Country Residential 1 "RCR1" to Agricultural "A"

Deputy Reeve Sarapuk joined the meeting virtually at 1:04 p.m.

Reeve Knelsen called the public hearing for Land Use Bylaw Amendment to order at 1:04 p.m.

Reeve Knelsen asked if the public hearing for proposed Land Use Bylaw Amendment was properly advertised. Byron Peters, Interim Chief Administrative Officer/Director of Projects & Infrastructure answered that the Bylaw was advertised in accordance with the Municipal Government Act.

Reeve Knelsen asked the Development Authority to outline the proposed Land Use Bylaw Amendment to Rezone Plan 972 3735, Lot 2 from Rural Country Residential 1 "RCR1" to Agricultural "A".

Byron Peters, Interim Chief Administrator/Director of Projects & Infrastructure presented the following:

Administration has received a request to rezone Plan 972 3735, Lot 2 from Rural Country Residential 1 "RCR1" to Agricultural "A". This lot is 9.09 acres and is located in rural High Level.

The land owner purchased the lot in 2013 with the belief that it was zoned Agricultural "A" and recently discovered that it had been rezoned to Rural Country Residential 1 "RCR1" in 1997.

The land owner wishes to rezone back to Agricultural "A" as she would like have livestock on the property that is more than what is permitted within the Rural County Residential 1 "RCR1" zoning.

Currently this lot contains a large cabin/dwelling and a dug out.

The remainder of the quarter section consists of 9 acres zoned Agricultural with a residential yard site, 68 acres zoned Forestry that is vacant and 58 acres zoned Rural Country Residential 1 that is also vacant.

This rezoning meets the current regulations in the Land Use Bylaw.

Proposed Bylaw 1281-22 was presented to the Municipal Planning Commission on February 9, 2023 where the following motion was made:

MPC 23-02-019

MOVED by Andrew O'Rourke

That the Municipal Planning Commission recommend to Council to approve Bylaw 12xx-23 being a Land Use Bylaw

Amendment to rezone Plan 972 3735, Lot 2 from Rural Country Residential 1 "RCR1" to Agricultural "A", subject to public hearing input.

#### **CARRIED**

The proposed Bylaw was presented for first reading by Council on February 28, 2023 where the following motion was made:

MOTION 23-02-188

MOVED by Councillor Wardley

That first reading be given to Bylaw 1281-23 being a Land Use Bylaw Amendment to rezone Plan 972 3735; Lot 2 from Rural Country Residential 1 "RCR1" to Agricultural "A", subject to public hearing input.

# CARRIED

Reeve Knelsen asked if Council has any questions of the proposed Land Use Bylaw Amendment.
There were no questions.

Reeve Knelsen asked if any submissions were received in regards to proposed Land Use Bylaw Amendment. There were no submissions.

Reeve Knelsen asked if there was anyone present who would like to speak in regards to the proposed Land Use Bylaw Amendment.

There was no one present to speak to the proposed bylaw.

Title: Camp Reservations Canada

# BACKGROUND / PROPOSAL:

At the January 25, 2023 Regular Council meeting, the following motion was made:

MOTION 23-01-067 That administration use Camp Reservations Canada for the

campground online booking program.

Administration would like to ensure that Council understands all costs that will be or may be passed on to the camper.

Some costs would be at the discretion of Council.

## **Booking Fee:**

After engaging in further conversation with Camp Reservations Canada it was ascertained that they will be collecting a \$5.25 fee per reservation made on their website.

This would mean that the camper would be charged a total of \$30.25 for the first night stay and \$25 for any further nights booked.

This fee would only be charged if the camper utilizes the online booking feature. The camper has the choice to pay at the gate with cash and not pay the online registration fee. The website would still be utilized (by the campground caretaker) showing that a certain campsite was booked and occupied.

## **Cancellation Fee**

If a camper chooses to cancel their reservation, Camp Reservations Canada will keep the \$5.25 booking fee. Council may at their discretion, keep part or all of the \$25 camping fee.

# Day Use

Camp Reservations Canada has informed Administration that if we choose for campers to pay for their day pass on line, the "booking" fee for this year may be waved and a \$1 fee may be imposed next year.

Administration has discussed the \$10/day per vehicle fee and would recommend that Mackenzie County **Not** utilize Camp Reservations Canada for day use users.

The **Fee Schedule Bylaw** will need to be amended to reflect the direction of Council.

## **Mackenzie County**

Title	Emergency Social Services	Policy No:	EMR001		
Legislation	Municipal Government Act, Emergency				
Reference	Authority Emergency Management Regulation, Disaster Recovery Regulation				

#### **Purpose**

The purpose of this policy is to establish guidelines for the implementation of Emergency Social Services to County residents that have been evacuated from their primary residence due to a local or regional disaster.

#### **Policy Statement**

Mackenzie County recognizes that the residents, businesses, and organizations in our community are the most important resource. We strive to provide an environment that encourages communication, creativity, opportunities for collaboration, and a sense of ownership for all people.

We encourage members of the community to be involved in our organization and form partnerships with the community to resolve problems.

#### **Definitions**

"Disaster" means an event that can result in serious harm to the safety, health or welfare of people, or in widespread damage to property.

"Emergency Social Services (ESS)" means an emergency response program that provides for the various short-term needs of evacuees during a large-scale emergency or disaster.

"Evacuee" is a resident whose primary residence is directly impacted or in the defined geographic area of an evacuation order and who has been removed from a dangerous place to somewhere safe.

"Mandatory Evacuation" means the mandatory process of moving people from a dangerous place to somewhere safe.

"Voluntary Evacuation" means a type of evacuation where people choose to move from a perceived area of danger to an area of safety.

"Primary Residence" the place where a person lives most of the time and that is considered their home for legal and tax purposes.

Policy EMR001 Emergency Social Services Mackenzie County

"Provincial Emergency Social Services (PESS)" refers to the Government of Alberta Social Services group.

"Shelter" means a building designed to give protection from bad weather. It is meant to keep the user Safe, Warm, and Dry. (example: recreation center, school gymnasium and others)

### **General Guidelines:**

- 1) All Mackenzie County residents are encouraged to create their own 72-hour emergency preparedness kit.
- 2) Mackenzie County shall not provide Shelter to Evacuees during a Voluntary Evacuation.
- 3) Shelter may be provided if required to evacuees after a Mandatory Evacuation is declared by Mackenzie County for the first forty-eight (48) hours.
- 4) Only Evacuees that have been evacuated from their Primary Residence shall be provided Shelter.
- 5) Food and rations will be provided for the first forty-eight (48) hours for Evacuees that are sheltered by Mackenzie County.
- 6) If shelter or food is required after the initial forty-eight (48) hours, the Provincial Emergency Social Services (PESS) or other community organizations may assist Evacuees.

Title: Reallocation of Funds to Janelle's Park

#### **BACKGROUND / PROPOSAL:**

In 2022 Administration was contacted by members of the public inquiring on how they would move forward with the development of a Special Needs park located in La Crete. It was explained that a design would need to be developed, estimated costs would need to be understood, and established funding streams identified.

In December 2022 Council made the following motion,

MOTION 22-12-909 That Council approve the naming of Park#1, West of 110 St, West

Ridge Park and Park #2 at the corner of 112 St and 99 Ave be named <u>Janelle's Park</u> and that ADM040 Mackenzie County Recreational Area Policy be amended to reflect the names.

The naming of "Janelle's Park" identified this area as a Special Needs park.

At the March 02, 2023 Community Services meeting the following motion was made:

**MOTION CS-23-03-19** That a recommendation be made to Council to reallocate

\$25,000 from the Hamlet Park Development (2022) to a new project for development of a Special Needs Park in La Crete (Janelle's Park) with remaining funds coming from non-profit

organizations and/or grants.

The initial park development project for this area was developed in 2021 with a budget of \$38,000. To date there is \$8,685 remaining. Administration will be utilizing these funds this summer with the addition of extra amenities.

Title: Water Line Extension – Jubilee Park

#### BACKGROUND / PROPOSAL:

In 2021 a project was developed for the installation of a water well in Jubilee Park. Previous Administration believed that this water well would serve two purposes. First, it may help lower the water table within the area and two it would reduce the use of produced water when needed at the Jubilee park pond.

Current Administration reviewed the project concept and agrees that funds would better be used in the extension of an existing water line and the removal of the "blow-off" valve located in the parking lot and to relocate it closer to the pond while still providing a water resource for the park and pond.

At the March 03, 2023 Community Services meeting the following motion was made:

Motion CS-23-03-21 That a recommendation be made to Council to reallocate

funds from the Water Well at Jubilee Park project of \$17,955

## **OPTIONS & BENEFITS:**

#### Option 1

**Operating Grant** 

#### **BACKGROUND / PROPOSAL:**

## **Disaster Recovery Program**

As part of the budget process, Council reviews Operating grant requests from non-profit organizations. The Fort Vermilion Family & Community Support Services operating grant application was reviewed, and Council appointed another Council member to assist with board and program development.

To ensure operations were not negatively impacted during this time, Council approved releasing 25% of the anticipated operating budget. The funding released was anticipated to assist in operations for the first quarter of the year, and as we enter into the second quarter administration is requesting direction on releasing additional funding support.

Title: Fort Vermilion Recreation Society Operating Grant

### **BACKGROUND / PROPOSAL:**

As part of the budget process, Council reviews Operating grant requests from non-profit organizations. The Fort Vermilion Recreation Society operating grant application was reviewed, and Council requested some additional information be provided prior to approval of funding.

To ensure operations were not negatively impacted during this time, Council approved releasing a total of 25% of the anticipated operating budget.

Council met with the Chair of the Fort Vermilion Recreation Society on March 29<sup>th</sup>, where an updated budget and financial information was provided. Council has requested that administration meet with the societies administration and assist in the development of their operating budget for presentation to the Board and Council.

The originating funding releases were anticipated to assist in operations for the first quarter of the year, and as we enter into the second quarter administration is requesting direction on releasing additional funding support, while the budget development is scheduled.

### **REQUEST FOR DECISION**

Meeting: Regular Council Meeting

Meeting Date: April 4, 2023

Presented By: Byron Peters, Interim, Chief Administrative Officer

Title: Road Widening Projects Update

### **BACKGROUND / PROPOSAL:**

Administration was asked to provide an update as to the current status of the road widening projects. Details of land owners concerns, completed surveying and road registrations will be provided.

The 30 Meter Right-Of-Way Road Widening project was approved as a Capital Project in 2021 for \$200,000 to complete land negotiations, surveying, purchase of lands and submitting documents to the Land Titles Office. This was the first step for future road rebuilding projects for TWP 1050 27<sup>th</sup> Baseline Road, TWP 1060 Airport Road and TWP 1070 Wolfe Lake Road.

There are still outstanding affidavits that need to be signed by landowners. Some landowners have stated that they will not sign for various reasons such as: money per acre that was offered, fence and/or tree concerns and a couple individual concerns pertaining specifically to their property. Landowners were offered \$1000 per acre for their right-of-way piece (ROW).

Below is a quick breakdown of how many owners have agreed to the terms of the Offer to Purchase and have signed the affidavits. Affidavits are required to be signed by all persons on title of the property. Keep in mind that the same landowner may own more than one piece of property and an affidavit is signed for each. Please see ownership map for land location specifics.

### TWP 1050 (27th Baseline)

- 24 complete affidavits
- 2 refusal to sign affidavits
- 2 no response/undecided

Author:	S Gibson	Reviewed by:	CAO: B Peters

### TWP 1060 (Airport Road)

- 4 complete affidavits
- 1 incomplete affidavit

### TWP 1070 (Wolfe Lake Rd)

- 26 completed affidavits
- 12 refusal to sign affidavits
- 8 no response/undecided/change of ownership

### **OPTIONS & BENEFITS:**

Acquiring the additional ROW comes at a considerable financial cost to the municipality. The cost of purchasing the land is only a small part of the overall cost. Power pole moves, fence moves, survey & land title expenses and other site specific items add a significant cost to each ROW widening.

The County can proceed with acquiring additional ROW, or we can focus on only the arterial roads where there is the highest need for increased road top widths.

### **COSTS & SOURCE OF FUNDING:**

TWP 1050 and TWP 1060 projects have both been surveyed and registered with land titles for the completed affidavit properties. TWP 1050 has completed affidavits for the first two (2) miles. Landowners have been contacted to sign an offer to purchase and those that have signed have received payment. There was a farm structure move within the first two miles of TWP 1050 to accommodate the road widening, and the County reimbursed the landowner for costs.

ATCO is in the process of acquiring easements for nine (9) power pole moves on TWP 1050 (27<sup>th</sup> Baseline) along SE 6-105-14-W5, with work beginning in May or June of this year. There is no cost to the County for the power pole moves unless as stated in the Additional Terms of Agreement; customers who cancel a project after accepting the ATCO proposal are responsible and will be invoiced for the full amount of ATCO Electrical services and costs incurred from the date of the customer application up to and including the date of cancellation. Power poles for the first mile are in the planning stages with ATCO.

TWP 1070 has been surveyed and since that project has not been approved for funding, along with intermittent agreement from landowners, it has not been sent for registration. TWP 1070 landowners have been asked to sign an offer to purchase and those who have, have not received compensation.

Author:	S Gibson	Reviewed by:	CAO: B Peters

As these projects have been in an indeterminate state for almost two years, things often change, such as buying and/or selling property. This could mean that original owners signed Offer to Purchases and received payment. New owners may not have been made aware at the time of purchase of this future construction and have not been contacted.

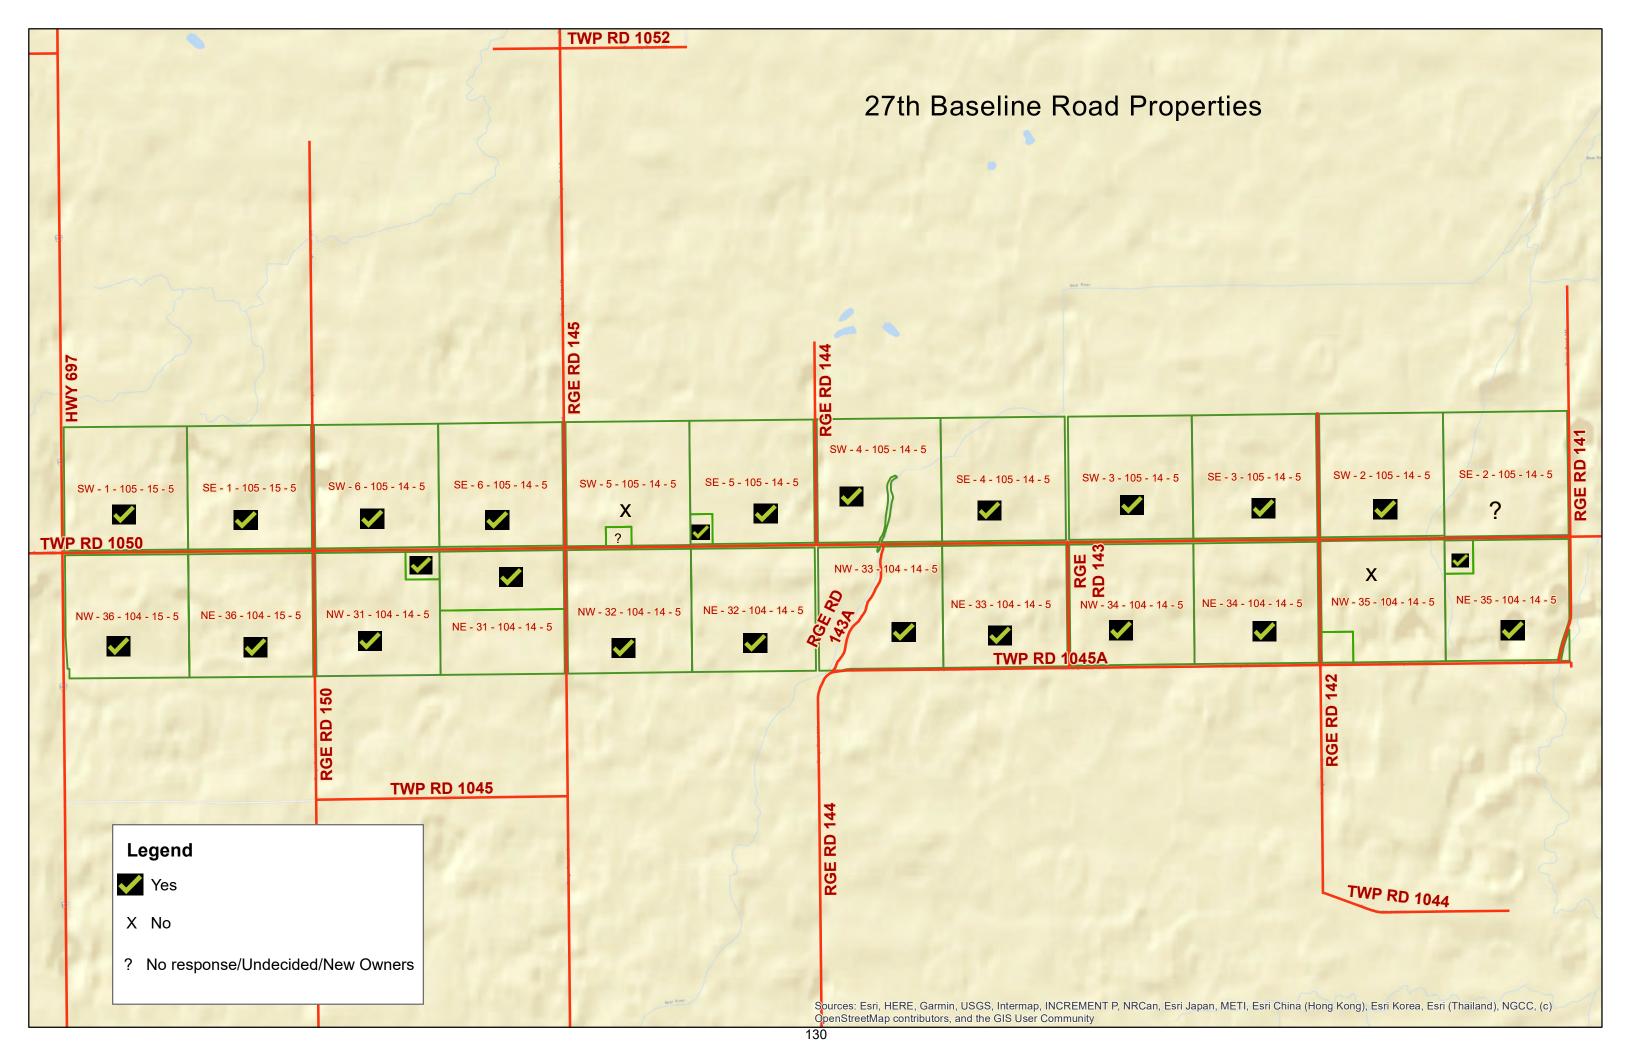

The Planning Department has been brought into the fold so they are aware when any future subdividing of property along these roads occurs, the five metre right away is taken care of at the subdivision level.

Costs incurred so far to date:

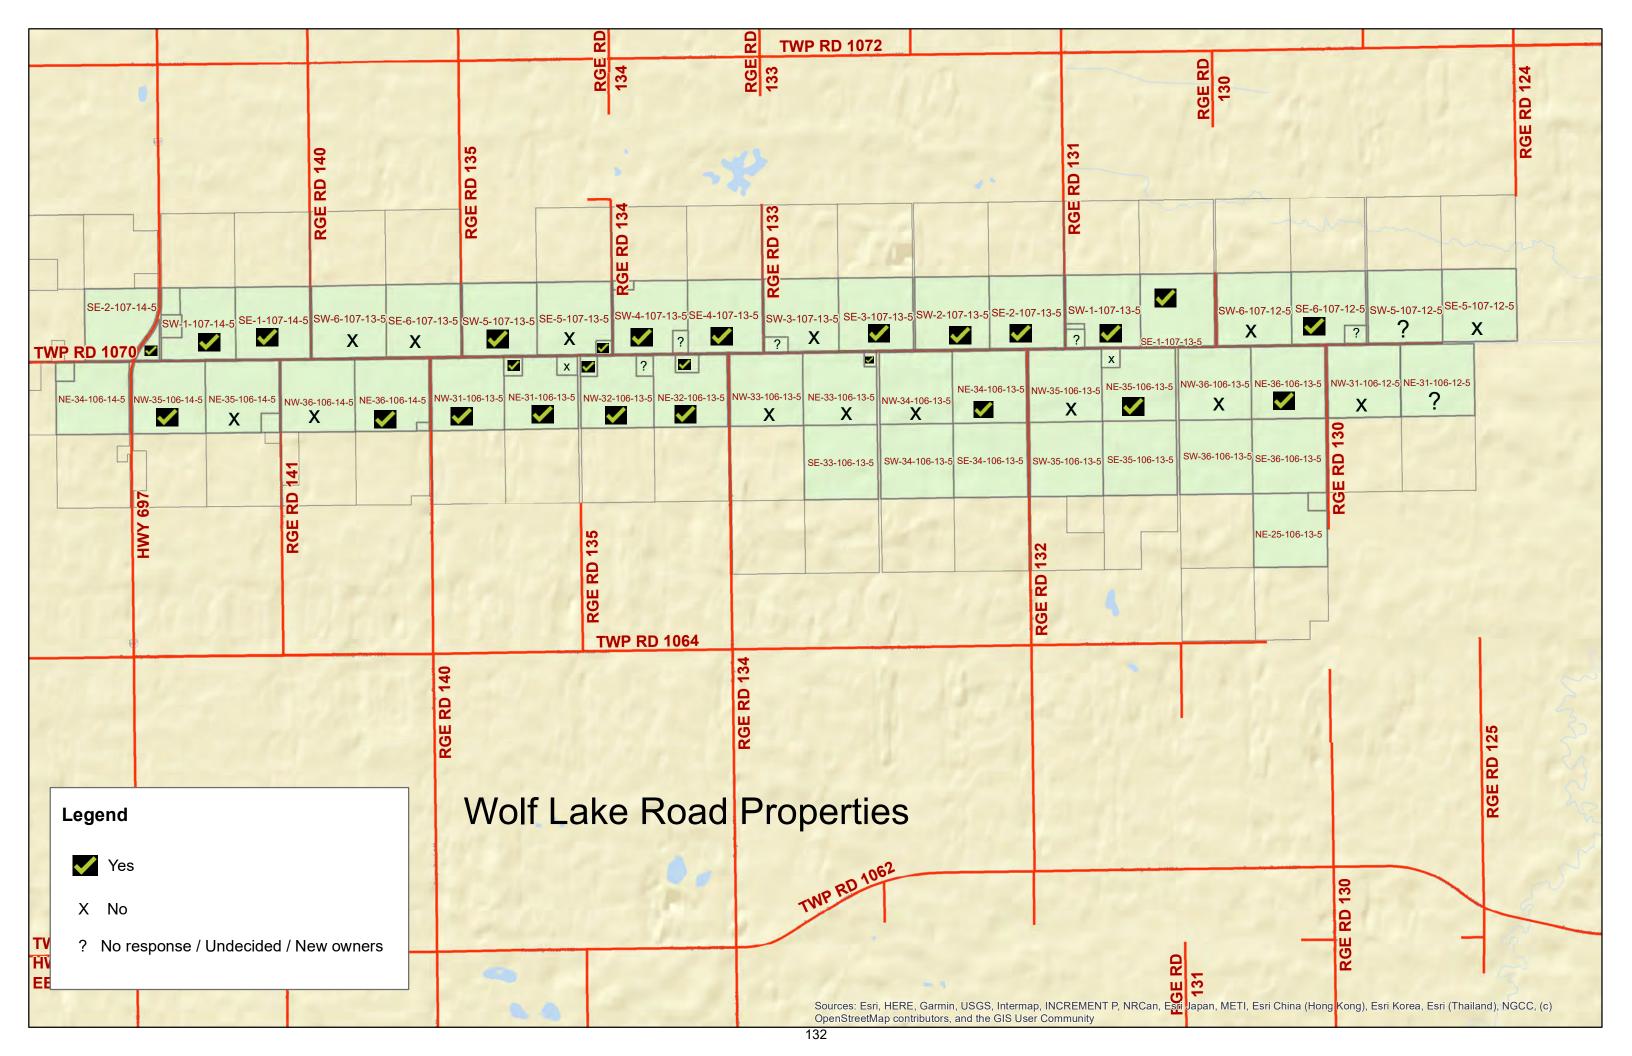

Surveying: \$61,369
Acquisition of Land: \$32,396
Registered Mail \$856
Land Titles \$510
Total \$95,131

Bylaw 1292-23

Title: Land Use Bylaw Amendment to Rezone Plan 132 1868, Block

02, Lot 21 from La Crete Light Industrial "LC-LI" to La Crete

Highway Commercial "LC-HC"

### BACKGROUND / PROPOSAL:

Administration has received a request to rezone Plan 132 1868, Block 02, Lot 21 from La Crete Light Industrial "LC-LI" to La Crete Highway Commercial "LC-HC". This lot is approximately 6.2 acres.

The purpose for the rezoning is that the developer would like to add the use of Automotive Sales and Rental business for the sale of used cars. This proposed rezoning would coincide with other commercial businesses in the subdivision such as the Ford dealership.

Currently, the lot contains an Agriculture Machinery Sales and Service business (Kubota).

The proposed Bylaw 1292-23 was presented to the Municipal Planning Commission on March 23, 2023 where the following motion was made:

MPC 23-03-044 MOVED by Andrew O'Rourke

That the Municipal Planning Commission recommend to Council to approve Bylaw 12xx-23 being a Land Use Bylaw Amendment to rezone Plan 132 1868, Block 02, Lot 21 from La Crete Light Industrial "LC-LI" to La Crete Highway Commercial "LC-HC", subject to public hearing input.

### **REQUEST FOR DECISION**

Meeting: Regular Council Meeting

Meeting Date: April 4, 2023

Presented By: Caitlin Smith, Director of Planning and Agriculture

Title: West Haven Estates – Request to Waive Deferred Reserve

Owed - NE 9-106-15-W5M

### **BACKGROUND / PROPOSAL:**

Administration has received a request to waive the deferred Municipal Reserve (MR) owed on NE 9-106-15-W5M within the hamlet of La Crete.

The developer purchased the undeveloped land with a deferred reserve caveat on title which required payment for 7.8 acres owing from the previous developer's phases. Considering that the previous landowner didn't pay the MR owed, the current landowner/developer became responsible for the outstanding payment of MR.

The developer was made aware of the deferred reserve at time of subdivision application back in 2021. The subdivision was originally approved July 2021 but the developer decided not to move forward with the subdivision due to changes with the La Crete Birthing Centre. At the time, Council waived the off-site levy fees and the MR for the portion of land to be donated to the medical facility.

**MOTION 21-08-586 MOVED** by Councillor E. Peters

That Mackenzie County waive the Off-Site Levy and Municipal Reserve fees for the donated portion (11.89 acres) of NE 9-106-15-W5M to facilitate the development of a new Medical Facility in the Hamlet of La Crete.

#### CARRIED

Since that time, the subdivision lot layout plan has changed and the developer is proposing a phased residential subdivision. The developer has been approved for phase 1 which equals 29 residential lots (8.3 acres to be developed). The developer is responsible for the MR payment of the land to be developed (0.83 acres owed = \$12,450). The Municipal Planning Commission requested land but the developer did not

want to give any additional lands due to the PUL located on the east side of the property which is used for storm water management. Mackenzie County paid fair market value for those lands as part of the Storm Pond A project.

The only lands given as Municipal Reserve for this quarter section is the 2.24 acres for Reinland Park and 0.895 acres for the walking trail to the north (this is considered credit and is to be applied to the deferred amount.) The total deferred land which equals 7.8 acres -0.895 acres = 6.905 acres x \$15,000 = **\$103,575** owed.

There is a Memorandum of Understanding (MOU) in place for the adjacent quarter section, addressing the MR needs for that quarter section. Administration reviewed the MOU and it specifically and only addresses MR contributions for the adjacent property, and is not applicable for the current property.

The developer has requested that the remaining deferred reserve be waived as the Municipal Reserve should have been taken at time of development in the past and the developer feels that this is an unfair request.

In the past, Council has waived a portion of the deferred reserve for Foothills Developments for a similar reason. In that instance, administration provided incomplete information to Foothills Developments when they were completing their due diligence to purchase the property. To restrict this from happening in the future, administration does not allow deferred reserve to be an option when developing.

### **OPTIONS & BENEFITS:**

To approve, defeat or TABLE the waiving of the Deferred Reserve.

### **COSTS & SOURCE OF FUNDING:**

Should Council waive the deferred reserve for this parcel of land we will not be able to collect the \$103,575 owed.

RE: 03-SUB-23 (NE-9-106-15-W5M) – West Haven Estates Deferred Reserve

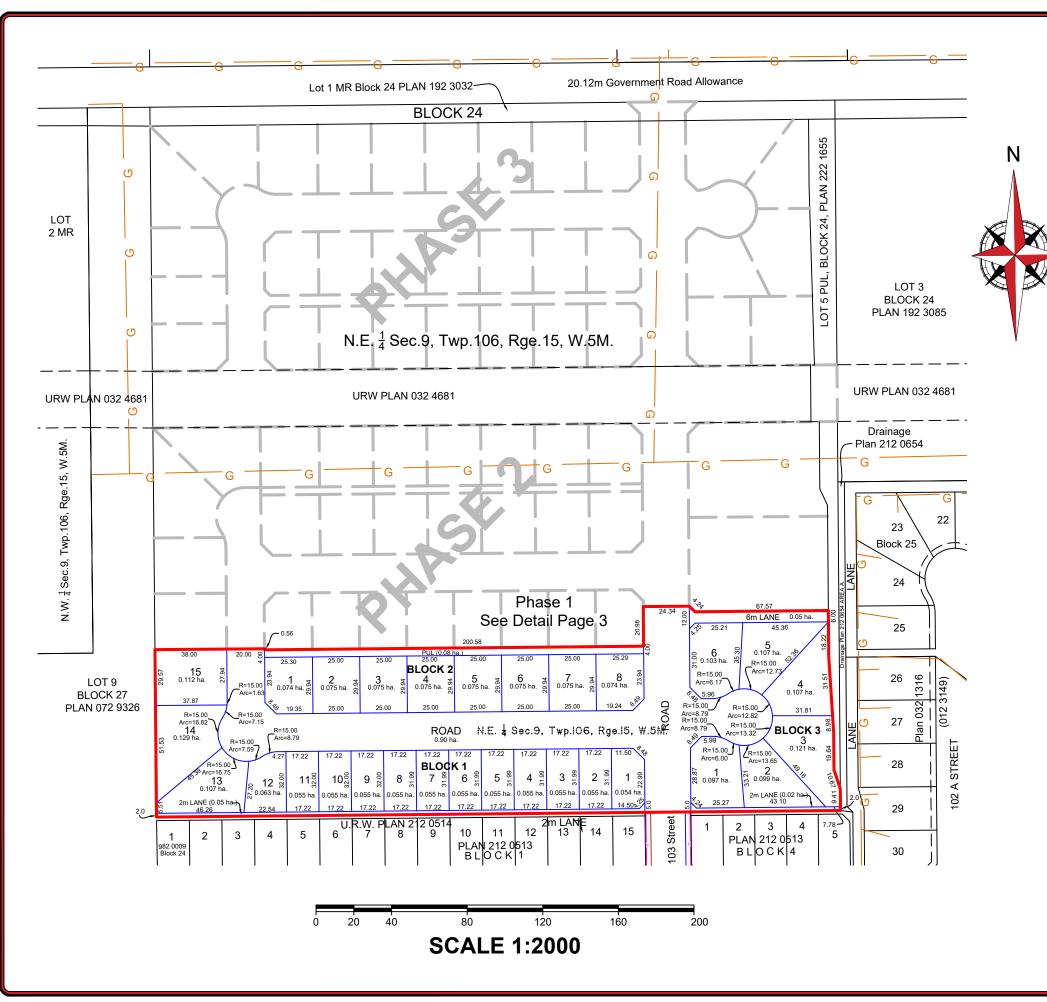

We are requesting that the previously deferred reserve on this title for 7.8 acres be waived. This is derived from subdivisions the previous landowner subdivided on this quarter section (which would include the area where La Crete Co-op is located on) and deferred the municipal reserve to the balance of the quarter section which eventually left this parcel with the deferred reserve.

We don't think it is reasonable for us to pay \$117,000 (7.8 x \$15,000/acre) on property we don't own, have never owned and could have been substantially less than \$15,000/acre for municipal reserve at the time it was deferred.

Sincerely,

Martin Harder 852886 Alberta Ltd.

LEGISLATION REFERENCE	Municipal Government Act – Part 17, Division 8 and
LEGISLATION REFERENCE	Division 9

#### **PURPOSE**

Establish a framework for the dedication of Reserve lands.

#### **POLICY STATEMENT**

Mackenzie County receives various applications for subdivisions, within both urban and rural areas. As per the Municipal Government Act (MGA), the County may require the dedication of Community Services Reserve (CSR), Conservation Reserve (CR), Environmental Reserve (ER), Municipal Reserve (MR), and/or School Reserve (SR). This policy will clarify the different types of reserve lands and provide a criteria to guide and manage CSR, CR, ER, MR, and SR in Mackenzie County.

#### **DEFINITIONS**

The following definitions are used for the purpose of this policy:

**Community Services Reserve (CSR)** - land dedication collected during the subdivision application process for lands that the subdivision authority wishes to set aside for the provision of future community services, as designated under Division 9 of the Municipal Government Act (MGA).

#### Examples of CSR:

- Public library
- Police station
- Fire station
- Ambulance services facility
- Non-profit daycare facility
- Affordable housing

**Conservation Reserve (CR)** – land dedication collected during the subdivision application process for lands that do not meet the requirements of Environmental Reserve and that the County deems environmentally significant and wishes to conserve, as designated under Division 8 of the Municipal Government Act (MGA).

#### Examples of CR:

- Wildlife corridors
- Significant tree stands

**Environmental Reserve (ER)** – land dedication collected during the subdivision application process for lands that are considered undevelopable, unstable, or present a significant risk of personal injury or property damage during development or use of the land, as per Division 8 of the Municipal Government Act (MGA).

#### Examples of ER:

- Swamp, gully, ravine, or natural drainage course
- Lands that are subject to flooding
- A strip of land, not less than 6 metres in width, abutting the bed and shore of any body of water

**Municipal Reserve (MR)** – land dedication collected during the subdivision application process for lands that the subdivision authority wishes to set aside for the provision of future services, as per Division 8 of the Municipal Government Act (MGA).

#### Examples of MR:

- Public parks
- Groomed parkland of all sizes
- Sports field, including athletic parks
- Land for arenas, pools, leisure, community or cultural centres
- Open space areas around schools or other facilities
- Pathways
- Golf courses
- Redeveloped landfill sites for recreational parks
- Fire Hall
- Municipal infrastructure
- Public recreation areas
- Municipal infrastructure and/or buffers between conflicting land uses

**School Reserve (SR)** - land dedication collected during the subdivision application process for lands that the subdivision authority wishes to set aside for the provision of future services, as per Division 9 of the Municipal Government Act (MGA) as requested by the local school authority. This land can also be accepted as Municipal School Reserve (MSR) to be shared between the local school authority and the municipality.

#### Examples of SR:

- Public parks
- Public recreation area
- School board purposes

#### **GENERAL PROVISIONS**

This policy is intended to be used in conjunction with the requirements of the Municipal Government Act (MGA), the Subdivision and Development Regulations and applicable County Bylaws (including the Land Use Bylaw). Where a conflict exists between this policy and the aforementioned provincial requirements and/or County Bylaws, the provincial requirements and County Bylaws will apply.

This policy will provide direction for the acquisition of reserve lands in new subdivisions, the ongoing management of reserve lands, and the considerations required for the disposal of existing reserve lands.

The Municipal Government Act states the required purposes for each type of reserve land as follows:

**Community Services Reserve**: to allocate lands for use as a public library, a police station, a fire station or an ambulance services facility, or a combination of them, a non-profit day care facility, a non-profit special needs facility, a municipal facility providing service directly to the public, or affordable housing, as set out in the MGA s.671(2.1).

**Conservation Reserve**: to enable the municipality to protect and conserve land that the subdivision authority deems environmentally significant, as set out in the MGA s.664.2(1)(c,d).

**Environmental Reserve**: to avoid development of unstable lands, to ensure safe public access to lands, to preserve the natural features of the land and to prevent pollution of land adjacent to water bodies, as set out in MGA s.664(1.1).

**Municipal Reserve, School Reserve, or Municipal School Reserve**: to allocate lands for use as a public park, a public recreation area, school board purposes, or to separate areas of land that are used for different purposes, as set out in the MGA s.671(2).

For all municipal, environmental or conservation reserve designations, the County shall consider the viability of the project and the developer's economic case. The deciding factor for amount of designation, location of designation, or money in lieu of land shall always be made in the interest of bettering the community at large.

Stormwater ponds that are considered a "natural drainage course" may be designated as ER. If the stormwater pond has a recreational function, it may be designated as MR. A stormwater pond will be designated as a Public Utility Lot (PUL) if the pond is used to reduce peak flow rates to downstream sewer systems and/or watercourses. Another use that would be acceptable is to provide a temporary receiving area for major drainage flows.

As per Section 663 of the MGA, there are several situations where reserves are not required for a subdivision:

- one lot is to be created from a quarter section of land,
- land is to be subdivided into lots of 16.0 hectares or more
- land is to be used only for agricultural purposes,
- the land to be subdivided is 0.8 hectares or less, or
- reserve land, environmental reserve easement of money in place of it was
  provided in respect to the land that is the subject of the proposed subdivision
  under this Part or the former Act.

#### **RURAL SUBDIVISIONS**

#### **Community Services Reserve (CSR):**

Lands that the County would like to set aside for future community services may be dedicated as CSR.

#### **Conservation Reserve (CR):**

Lands that the County deems environmentally significant but do not meet the requirements of ER shall be dedicated as CR.

#### **Environmental Reserve (ER):**

Environmentally sensitive areas shall be dedicated as either MR or ER, whichever is deemed more beneficial to the County.

#### Municipal Reserve (MR):

For all subdivisions that require an MR dedication, the County's preference for type of dedication received shall be:

- Commercial/Industrial subdivisions Land dedication only as required to provide adequate buffer strips between potentially conflicting land uses, to protect environmentally sensitive areas, to provide linear trail and drainage areas or for future municipal infrastructure. The remainder of the dedication shall be as cash in lieu of land.
- Single lot residential subdivisions (excluding the first subdivision from a quarter section) – Cash in lieu of land
- Rural country residential subdivisions A combination of land and cash in lieu of land. Land dedication shall be sufficient to allow for a future park and/or municipal service, linear trail or drainage areas, as buffer strips between potentially conflicting land uses, and to protect environmentally sensitive areas.
- For parcels of land that are designated for community recreational purposes, the allotted 10% MR dedication may be waived by the County.

 It is the discretion of the County to determine the percentage of MR dedication regarding recreational uses, whereby the County will evaluate the size of the proposed recreational area.

#### Municipal (MSR) and/ or School Reserve (SR):

SR shall only be considered when the local school authority specifically requests that the county obtain lands for future school development purposes.

#### **URBAN SUBDIVISIONS**

#### **Conservation Reserve (CR):**

Lands that the County deems environmentally significant but do not meet the requirements of ER shall be dedicated as CR.

#### **Environmental Reserve (ER):**

Environmentally sensitive areas shall be dedicated as either MR or ER, whichever is deemed more beneficial to the County, when considering the long term impact and growth of the surrounding community.

#### Municipal Reserve (MR):

For all urban subdivisions, MR dedication shall be:

- Commercial/Industrial subdivisions Land dedication only as required to provide adequate buffer strips between potentially conflicting land uses, to protect environmentally sensitive areas, to provide linear trail and drainage areas or for future municipal infrastructure. The remainder of the dedication shall be as cash in lieu of land.
- Residential subdivisions Land, or a combination of land and cash in lieu of land.
  Land dedication shall be sufficient to allow for a future park and/or municipal
  service, linear trail or drainage areas, as buffer strips between potentially
  conflicting land uses, and to protect environmentally sensitive areas.

#### **VALUE DETERMINATION**

#### **Conservation Reserve:**

The Municipality is required to compensate the developer, as the land is set aside and therefore unable to be sold or developed. The value determination process for CR shall be the same as that of MR.

#### **Environmental Reserve:**

Municipalities are not required to compensate the developer.

40.00 ha

3.50 ha

#### Municipal Reserve:

Where cash is required in lieu of land, MR value shall be determined based on the market value for <u>proposed use</u> and the <u>existing servicing</u> of the land in question. Proposed improvements shall not be considered when determining the land value for the purpose of calculating the Municipal Reserve levy.

The MGA states that the applicant shall provide the market value appraisal, and that it must be provided to the County within 35 days of applying for the subdivision approval. As the County has authority over Municipal Reserve lands, Mackenzie County has established a process that will simplify this process for the applicant. Six (6) Municipal Reserve Valuation Areas have been determined within the boundaries of Mackenzie County (see Appendix A for map). Each area includes a pre-determined dollar value per acre for both residential and non-residential use. For the purposes of this map, residential refers to any subdivision of a new or existing yard site, and non-residential refers to any other uses such as commercial or industrial. The map in Appendix A includes the majority of the developed areas within Mackenzie County and does not display the entirety of County's boundaries; therefore, it is noted that the pre-determined values for Areas 2 and 6 do apply to lands that extend beyond what is shown on the map.

Should the applicant not be satisfied with the value determined by the County, they may refer back to the MGA and get an independent third party market value appraisal completed and provide it to the County. The County and applicant will then meet to discuss the variation in the assessed values, and jointly agree on the final value.

The total amount of Municipal Reserve money that shall be paid to the County will be included with the subdivision approval.

The MGA states that the maximum amount of land to be designated as municipal or school reserve cannot exceed 10% of the original parcel area, less any lands designated for environmental reserve.

There are a few instances where an exemption from Municipal Reserve is permitted, as per Section 663 of the Municipal Government Act (MGA).

Lands dedicated for the provision of roads or utilities, including storm-water management systems, shall be considered developable lands and will be included in the calculation of MR.

#### **CALCULATIONS**

To provide clarity on the calculations for ER dedication:

#### **Environmental Reserve needed:**

Area of parcel to be subdivided:

Lands to be designated environmental reserve:

Area of parcel to be considered for municipal or school reserve:	36.50 ha
Total maximum municipal and/or school reserve dedication (10%):	3.65 ha

#### No Environmental Reserve needed:

Area of parcel to be subdivided:	40.00 ha
Lands to be designated environmental reserve:	<u>0.00 ha</u>
Area of parcel to be considered for municipal or school reserve:	40.00 ha
Total maximum municipal and/or school reserve dedication (10%):	4.00 ha

#### **DEFERRAL**

#### Municipal Reserve (MR) and/or School Reserve (SR):

The subdivision authority may, in some cases, direct that municipal reserve requirements be deferred against. Deferral is only permitted for the remainder of the parcel that is the subject of the proposed subdivision, or for other lands within the municipality that are owned by the person who is applying for subdivision approval. The subdivision authority must file a caveat in a land titles offices against the title of the land to which the deferral relates, as per Section 669 of the MGA.

#### **DISPOSAL**

#### **Conservation Reserve:**

As per s.674 of the MGA, a CR designation may only be removed if the parcel of land is wholly or substantially destroyed by fire, flood or other event that is beyond a municipalities control and therefore, in Council's opinion, no longer has a purpose to be protected or conserved. Removal of designation may only be permitted through a public process. A public hearing must be held and notices must be posted on or near the CR that is subject of the hearing. Council must direct a designated officer to notify the Registrar and the CR will be removed upon approval. The Municipality then has the authority to sell, lease or otherwise dispose of the land. The proceeds must be used only for the purposes of protecting and conserving other lands that have environmental significance.

#### **Environmental Reserve:**

Change of boundaries or use, lease or disposal is permitted. A public hearing must be held and notices must be posted on or near the ER that is subject of the hearing. Proceeds may only be used to provide land for the purposes of a public park, public recreation area, school board purposes, or to separate areas of land that are used for different purposes

#### Municipal Reserve:

If Council wishes to sell, lease or otherwise dispose of MR, a public hearing must be held and notices must be posted on or near the MR that is subject of the hearing.

#### School Reserve:

If Council wishes to sell, lease or otherwise dispose of SR, a public hearing must be held and notices must be posted on or near the SR that is subject of the hearing.

#### **DEVELOPER OBLIGATIONS**

#### **Conservation Reserve:**

May require fencing or other methods to reduce access and/or maintain natural state.

#### **Environmental Reserve:**

Must be kept clean and tidy

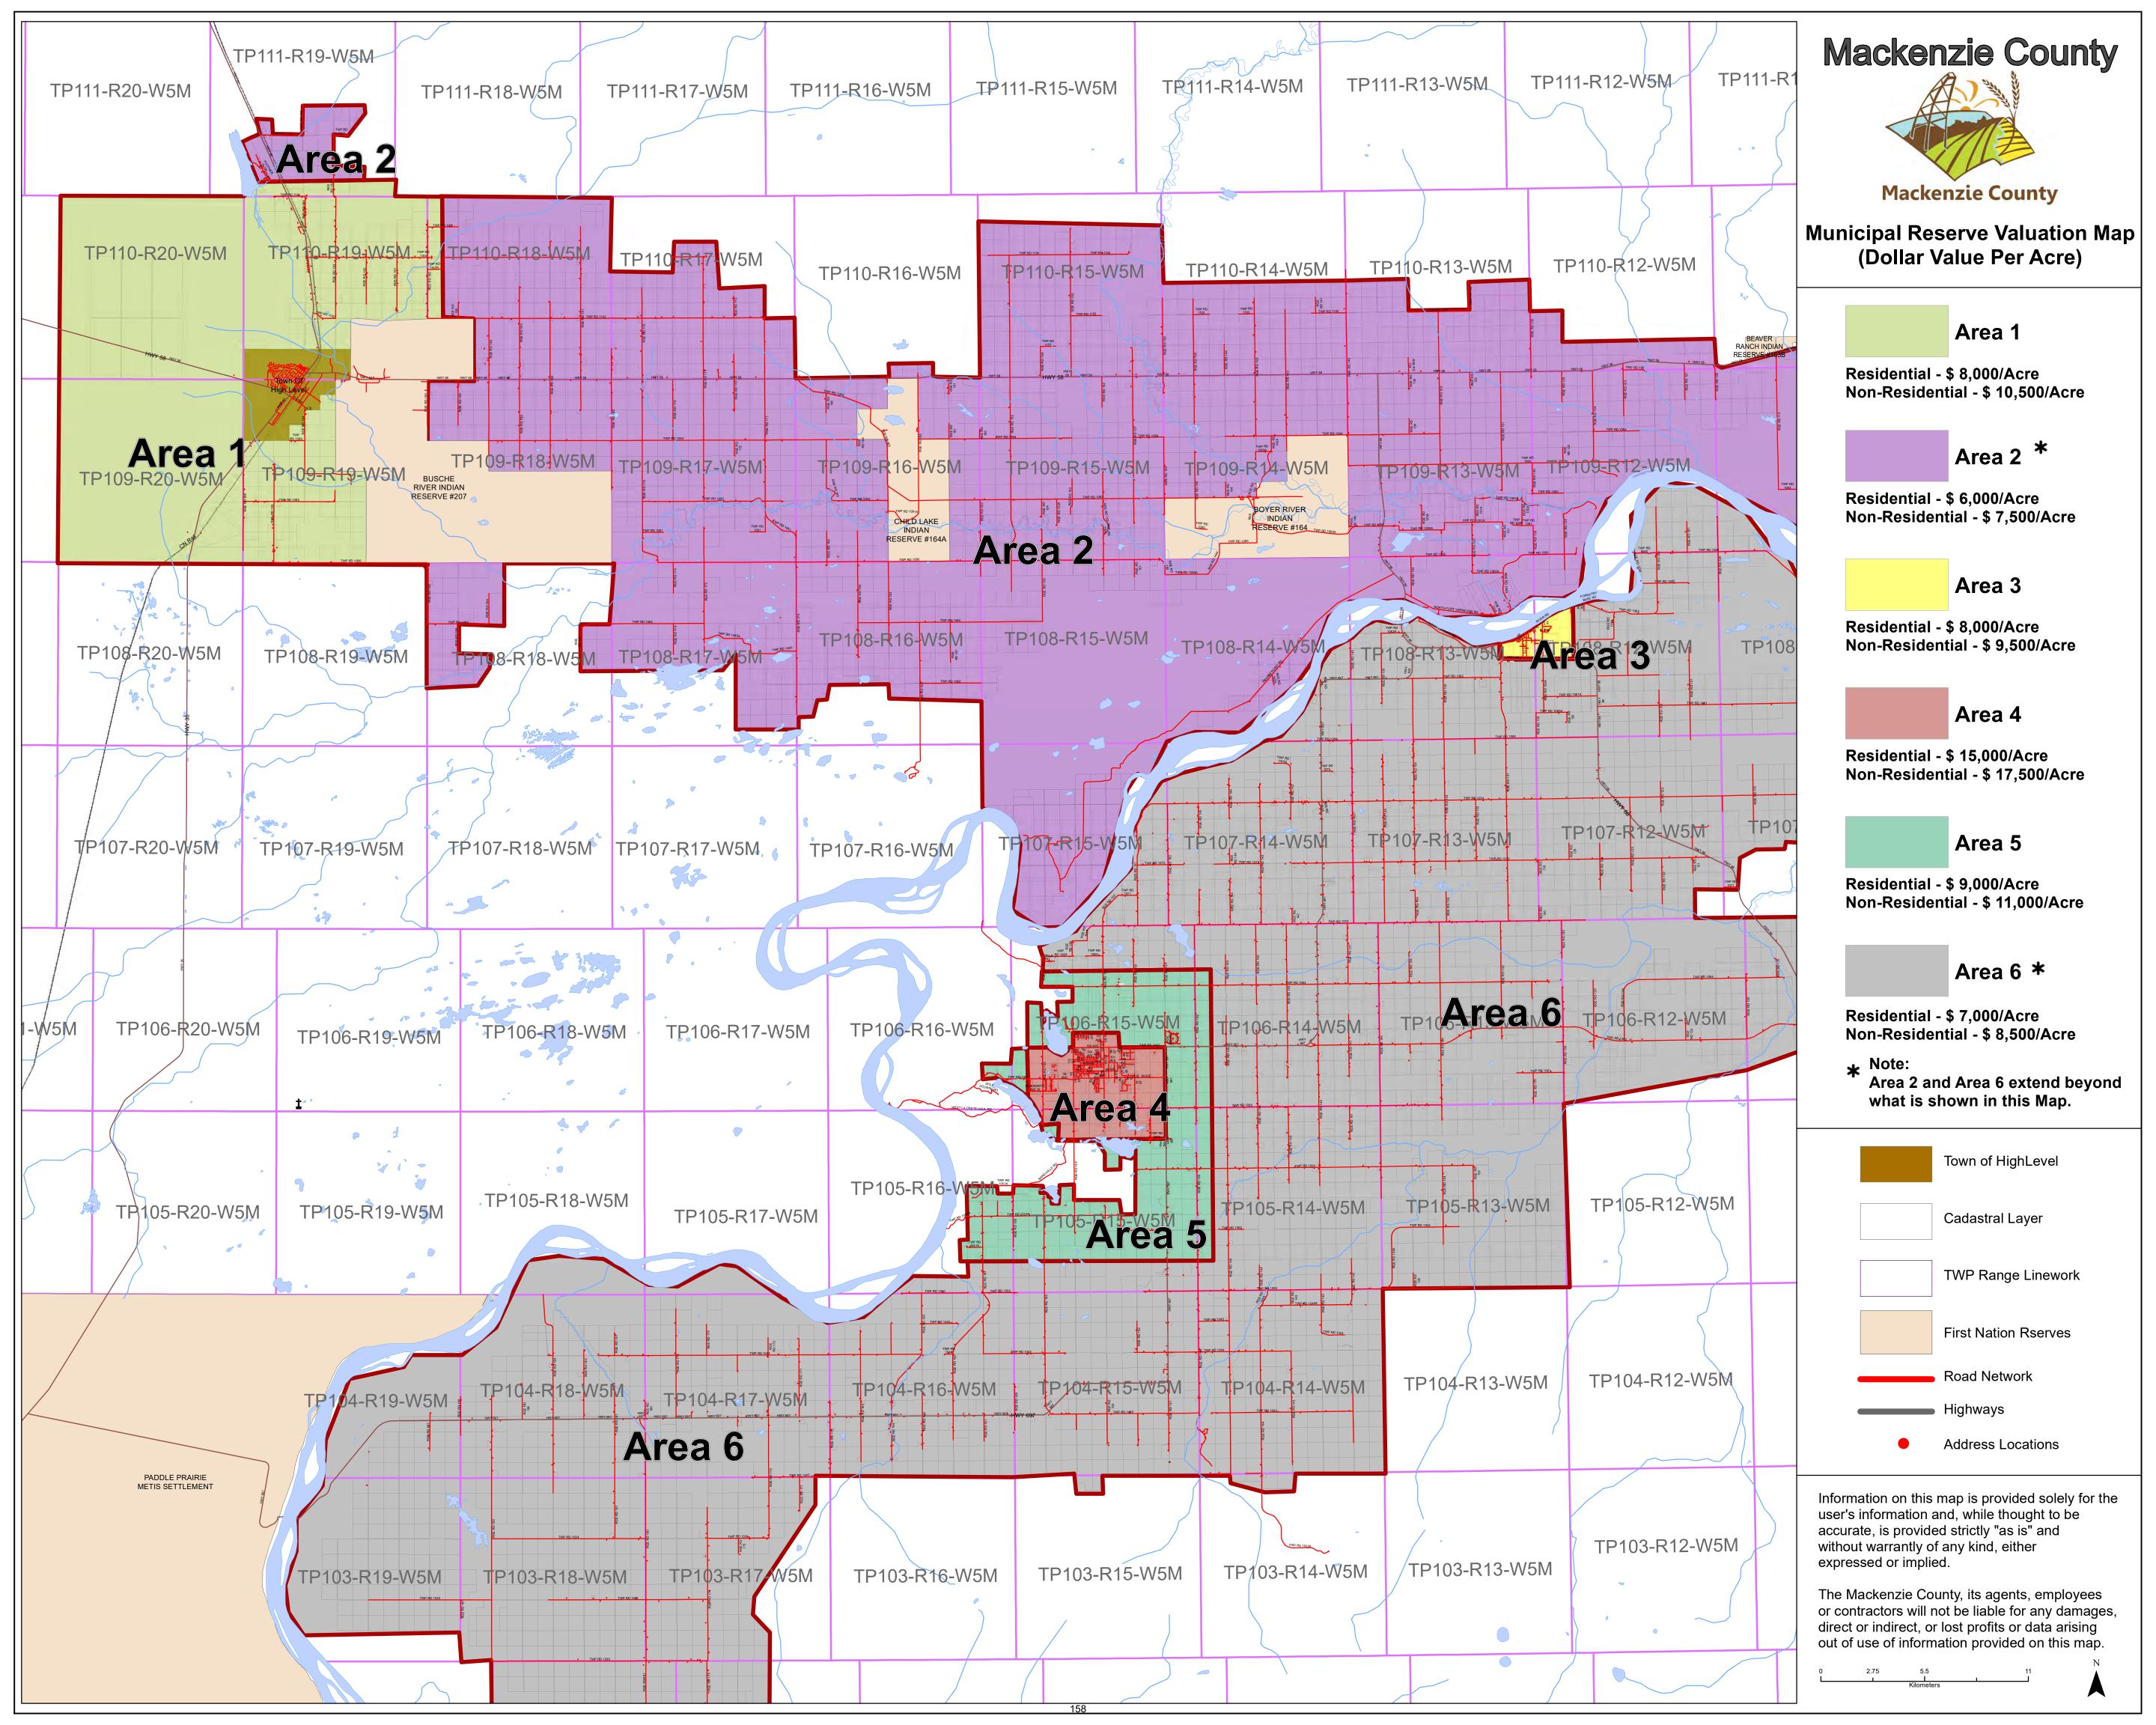

#### Municipal Reserve:

The default for MR is that the lands must be landscaped, seeded, and where required, fencing must be put in place. For MR that is intended to be used for a buffer area, the county may ask the developer to keep any existing trees.

## **REQUEST FOR DECISION**

Meeting: Regular Council Meeting

Meeting Date: April 4, 2023

Presented By: Byron Peters, Interim Chief Administrative Officer

Title: Northwest Species at Risk (NWSAR) – Voting Membership

Fee

#### **BACKGROUND / PROPOSAL:**

In 2019 Mackenzie County submitted the following payments to the NWSAR Committee:

2019 \$50,000 (Annual Voting Membership Fee)

2020-2022 \$150,000 (paid in 2019 funds which supported the three year research data

project for the Northwest Species at Risk (NWSAR) including the annual

voting membership fees for 2020 – 2022.)

On March 10, 2023 we received the attached letter from the NWSAR Committee stating that on December 8, 2022 the NWSAR Committee approved the substantial reduction from \$50,000 in our Voting Membership Contributions to \$1,000.

#### **OPTIONS & BENEFITS:**

#### Option 1:

To continue with Mackenzie County's voting membership with NWSAR.

#### Option 2:

To cancel Mackenzie County's voting membership with NWSAR.

#### **COSTS & SOURCE OF FUNDING:**

2023 General Operating Budget

Author:	L. Flooren	Reviewed by:	CAO: B Peters

#### **SUSTAINABILITY PLAN:**

The Sustainability Plan has several references to environmental stewardship, and the NWSAR committee helps to fulfil some of those objectives. However; the Plan does not prioritize inter-municipal relationships, or specify how environmental stewardship is to be funded.

## RE: Alberta Northwest Species at Risk Committee 2023 Voting Member Fees, and 2022 Financial Report

Dear Mayor and Council:

Alberta Northwest Species at Risk Committee (NWSAR) appreciates Mackenzie County's participation and support in our endeavor to ensure local people and municipalities of Northwest Alberta are involved and have a seat at the table in Sub-Regional Planning, as well as within the conversation of species at risk planning. Policies that are land based and will affect us all now and into the future. We are proud of the partnerships we have developed, and the projects we have on the go with our Forestry Partners, Alberta Trappers Association and the Alberta Biodiversity Monitoring Institute. We have had an additional municipal seat on the two subregional planning task forces in the northwest and will continue to lobby to secure seats in the upcoming task forces.

We thank you for your continued dedication and commitment to NWSAR as one of our valued Voting Member municipalities. We are pleased to share our 2022 Financial Report and have enclosed an invoice for your 2023 member fees.

December 8, 2022, NWSAR Committee approved the substantial reduction from \$50,000 in our Voting Membership Contributions to \$1,000. If you choose not to continue with your NWSAR membership, please advise us of your decision.

Yours Sincerely,

Lisa Wardley Chair, NWSAR

Councillor, Mackenzie County

#### TERMS OF REFERENCE

#### ALBERTA NORTHWEST SPECIES AT RISK COMMITTEE

#### **Background:**

The northwest region of Alberta encompasses high economic development value in a variety of natural resource sectors. Notwithstanding this, the region is requested to carry the highest burden of environmental protection of any other region within Alberta.

Current and proposed Provincial policy and strategies requires the Lower Peace Region to subsidize economic activity in other regions to allow, both, the Federal and Provincial governments to achieve conservation targets for the natural environment. Cumulatively, multiple conservation initiatives and species at risk recovery strategies have the ability to adversely affect the rural communities of Northwest Alberta.

We, the local tenants of this region have collaborated in an attempt to secure smart economic growth, a sustained quality of life, and well-balanced environmental protection for our future generations. Through optimal adaptive management, transparent stakeholder engagement, and effective environmental stewardship we endeavour to achieve this purpose.

#### **Purpose:**

To collectively provide and share information, ideas and resources relating to the continued and future prosperity of Northwest Alberta. Instill effective regional adaptive management and transparency, which allows all stakeholders to play a vital role in shaping our collective future. Develop tangible solutions founded upon an evidence-based approach, to ensure a balance of smart economic growth, a sustained quality of life, and an enhanced natural environment for all of our businesses, communities and wildlife.

#### Responsibilities:

To ensure that any impending species recovery or conservation initiative, that has the ability to affect the smart growth of Northwest Alberta is prefaced with a robust regional socio-economic impact analysis.

Proactively work with all other levels of government, including Indigenous Peoples to create well-balanced working groups with all key stakeholders relevant to impending conservation areas and species recovery.

Emphasizing that, Northwest Alberta currently encompasses a vast amount of protected lands. Impending species recovery and conservation initiatives should aim to enhance the value of these areas for species at risk recovery and biodiversity, rather than seeking to protect unjustifiable additional areas of land.

#### Structure:

Two (2) councillors and one (1) alternate appointed by each of the Voting municipalities.

Alternate members may attend all meetings.

Associate membership is available to other municipalities. Associate members shall not have voting rights.

Meetings are open to the public as per Section 197 and Section 198 of the Municipal Government Act.

Meetings may, in part, be closed to the public if matters to be addressed are recognized under; Section 197(2) of the Municipal Government Act, and/or Division 2 – Part 1 of the Freedom of Information and Protection of Privacy Act.

The Committee shall pursue grant opportunities to fund any larger projects.

#### **Quorum and Costs:**

Decisions shall be reached by consensus, consisting of two appointed members from each of the Voting municipalities. Alternates shall not be considered for consensus, unless standing in for an appointed member.

Unless set differently by Alberta Northwest Species at Risk Committee, all meetings shall be hosted by the Town of High Level at the Town of High Level Office.

Unless set differently by Alberta Northwest Species at Risk Committee, meeting costs shall come from Alberta Northwest Species at Risk Committee budget managed by the Town of High Level.

Each municipality and other delegates are expected to cover the costs of their members. Additional costs, such as those derived from committee motions, will be subject to additional discussion and approval from each of the Voting municipalities.

All decisions reached by consensus which are within the scope of the Terms of Reference, are binding upon all municipalities.

Voting members shall pay a \$50,000 (fifty-thousand dollars) annual Voting membership fee.

Associate members shall pay a \$1,000 (one-thousand dollars) annual Associate membership fee.

#### Communication:

An electronic data-sharing forum will be created and maintained, with access for all of the Committee members.

Meetings will be held monthly, or as required by the Chair. Community stakeholder meetings will be scheduled by Alberta Northwest Species at Risk Committee.

#### FINANCIAL TERMS OF REFERENCE

#### ALBERTA NORTHWEST SPECIES AT RISK COMMITTEE

#### **Financial Responsibility:**

The Town of High Level shall be the party responsible for administration and management of all financial matters relating to Alberta Northwest Species at Risk Committee.

Funds held in trust by the Town of High Level will only be used to further the goals of the Northwest Species at Risk Committee. No funds will be released by the Town of High Level without approval by consensus of Alberta Northwest Species at Risk Committee.

The Town of High Level will develop and maintain a budget report for Alberta Northwest Species at Risk Committee, which will provide all known revenues and expenses. At no time will the Town of High Level reimburse expenses incurred by Alberta Northwest Species at Risk Committee that will exceed those funds held in trust for Alberta Northwest Species at Risk Committee as described in the budget report.

In the event of dissolution of the Alberta Northwest Species at Risk Committee, any remaining funds held by the Town of High Level, after all expenses due have been paid, will be returned to Voting members, as a proportional share of the amounts originally invested.

#### Appendix: Alberta Northwest Species at Risk Committee Municipal Members

RE: Support for NEW! Child and Youth Mental Health Worker program for Northern Lakes College

**Background:** Our concern for our children's psychological, social, physical, language, and academic well-being was of upmost importance to us all during the height of the COVID19 pandemic. Our concern was not unique; in 2021 young people reached out to **Kids Help Phone 4.6 million times.** The top five issues young people reached out about were anxiety, depression, relationships, loneliness, and suicidal thoughts. (Impact 21 Report).

Mental health is a continuum and a life-long journey. A small problem to one can be a huge problem to someone else. A manageable problem can become out-of-control if left undealt with. Mental health services are also a continuum. School counsellors, family and community support services, social workers, psychologists, and psychiatrists all serve a role along the continuum of mental health supports available in a community.

**Program Proposal:** Northern Lakes College would like to offer a diploma in <u>Child & Youth Mental Health</u> to help build our regional capacity to provide mental health services to our children. The new program will benefit from Northern Lakes College's team of instructional experts across a cluster of programs such as Social Work, Early Learning & Child Care, Addictions Counselling, and Educational Assistant.

Request: To proceed with this initiative Northern Lakes College needs to provide the Alberta Department of Advanced Education with a full program proposal which includes support from our communities that the <a href="Child & Youth Mental Health">Child & Youth Mental Health</a> program is needed in our region. As municipal leaders and as members of various community boards that deal with the impact of mental health in our communities, we are asking that you, your fellow councillors, and/or board members sign and return this request to show your support for this Northern Lakes College initiative.

Sincerely,
Elaine Garrow – PREDA Chair
Councillor - MD of Spirit River #133

Yes, the <u>Child &amp;Youth Mental Hea</u> Lakes College in its endeavors to d	<u>th</u> program is needed in my community and I support Northerr eliver this program in our region.

### FOR IMMEDIATE RELEASE

OTTAWA - March 29, 2023

# WARKENTIN RESPONDS TO ANOTHER DISAPPOINTING LIBERAL BUDGET

Chris Warkentin, Member of Parliament for Grande Prairie-Mackenzie, today reacted to Justin Trudeau's disappointing budget.

"People in the Peace Country and across Canada have seen their paycheques vaporized by forty-year high inflation, all-time-high taxation, and doubled housing costs," Warkentin noted. "That's why we called for no new taxes, no new spending and concrete measures to make Canada work for those who do the work."

Warkentin continued, "Today's budget was disappointing but not surprising, as it failed to address our three key concerns. The government is poised to continue its tax-and-spend agenda, no matter the suffering for everyday Canadians. This Liberal government has no remorse for ratcheting up its carbon tax, which will make the necessities of life more expensive."

"The Liberals continue to miss opportunities to reduce red tape which would save time, money and resources and reduce the regulatory burden on job creators to encourage investment, boost competitiveness, and get more Canadians back to work. Instead, the Trudeau government continues to increase taxes and regulatory burden that increases financial cost and frustration to producers and consumers alike" Warkentin said.

"In particular, Budget 2023 does nothing to address the urgent shortage of housing in Canada. Within the G7 we are both the fastest-growing country and have the lowest number of housing units per capita. Despite Conservative calls to certify tradespeoples' credentials faster and fight cities' reluctance to rapidly approve new housing, the Liberals remain stuck in their ways of bloated programs with minimal results."

"Future generations will be the ones to pay for the reckless decisions of this ideological government. Conservatives will continue to oppose this government and propose concrete measures to improve the life of Canadians. A Conservative government would scrap the carbon tax, reform Canada's tax regime to make sure Canadians are rewarded by their hard work, and ensure that houses get built in this country," Warkentin added.

# Strengthening rural health care

March 29, 2023 Media inquiries

Budget 2023 expands rural health supports so Albertans can have additional access to modern health facilities and the care they need where and when they need it.

Alberta's government is committed to expanding and modernizing rural hospitals and other health facilities across the province to protect quality health care, grow system capacity and support the best front-line health care workers in the world.

Having access to quality health care when and where Albertans need it includes expanding capacity to provide better access for Albertans living in rural and remote areas of the province.

"We are making sure we have the necessary funding in place to build and strengthen health care in our rural communities and address barriers to care for those looking for support and treatment close to home and family. This work includes programs that focus on how to recruit, retain and even train more physicians, nurses and other professionals in areas outside of the cities."

Jason Copping, Minister of Health

Budget 2023 provides \$105 million over three years for the Rural Health Facilities Revitalization Program, including \$75 million in additional funding for capital projects in rural Alberta.

The program supports strategic renovations and developments in health facilities throughout the province, with an emphasis on emergency departments, EMS

stations, surgical and dialysis clinics, and other clinical services to improve access to health care in rural Alberta.

Expanding capacity in the health care system also means having health care workers to fill those spots. In response, Alberta's government launched the Health Workforce Strategy to attract and retain the health care workers needed now and create more training opportunities for local students and internationally trained medical graduates.

"All Albertans, no matter where they live, need and deserve access to our health system. Physicians are a critical part of that system, especially in rural areas where we are trusted to support the needs of neighbours, friends and colleagues during all phases of life. It is a special calling to work in rural health care, but it can be tremendously rewarding for those who pursue it."

Dr. Cheyanne Vetter, facility medical director, Wainwright Health Centre

Rural Albertans are especially affected by the nationwide shortage of health care workers. To address this growing need, the Health Workforce Strategy provides \$113 million to add 100 residency training spaces for newly graduated doctors, particularly in rural areas and specialist fields. Creating these new training spaces will provide more opportunities for Alberta students to learn, train and practise in their home communities.

In addition to this investment, a further \$1 million will go toward exploring ways that regional post-secondary institutions, such as the University of Lethbridge and Northwestern Polytechnic in Grande Prairie, can help deliver medical education outside of Edmonton and Calgary.

"Whether it's emergency care or surgeries, primary care or continuing care, Albertans deserve equitable health care services in their communities. I am proud of the investments government is making through Budget 2023, both with infrastructure funding and workforce planning strategies, to help support the future of rural health care in our province."

Garth Rowswell, MLA for Vermilion-Lloydminster-Wainwright

This year's budget also funds the new agreement with the Alberta Medical Association, further stabilizing the health system and focusing on Alberta's rural communities. Under the agreement, more than \$250 million over four years will go to addressing pressures, including recruitment and retention programs so more Albertans can access family doctors, and supporting physicians so their practices remain viable

Budget 2023 secures Alberta's future by transforming the health care system to meet people's needs, supporting Albertans with the high cost of living, keeping our communities safe and driving the economy with more jobs, quality education and continued diversification.

### **Quick facts**

- The Rural Health Revitalization Program provides capital funding for revitalizing select rural health facilities throughout the province.
  - Budget 2023 invests \$105 million over three years for the Rural Health Facilities Revitalization Program. This includes \$75 million in additional funding for new capital projects in rural Alberta.
  - To date, about \$65 million has been committed to 22 projects across the province, including emergency department renovations, upgrades to EMS stations and new dialysis spaces.
- An investment of \$237 million over three years towards the Alberta Surgical Initiative Capital Program will help reduce surgical wait times and help Albertans receive the surgeries they need.
  - This includes \$120 million in new funding for projects in 15 communities across the province to expand and modernize operating rooms in public hospitals.
- Budget 2023 includes \$64 million over three years to continue the La Crete Community Health Centre capital project to provide increased access to maternity health services.
- \$11 million over three years is part of a \$23.5-million commitment to expand the renal dialysis program at the Chinook Regional Hospital in Lethbridge.
  - This project will relocate the dialysis unit to provide additional

treatment spaces and address patient and staff safety concerns with the current site.

- \$3 million over three years in planning dollars is committed to the North Calgary/Airdrie Regional Health Centre.
- \$3 million over three years in planning dollars is committed to expanding the Strathcona Community Hospital.
- Planning dollars are also committed for new or upgraded facilities in Bassano, Cardston and Whitecourt.

Attention: Honourable Mayor/Reeve, Members of Council and Chief Administrative Officers

Re: National Public Works Week, May 21-27, 2023 - "Connecting the World Through Public Works"

The APWA Alberta Chapter is seeking your support to recognize and promote National Public Works Week (NPWW) by acknowledging May 21 - 27, 2023 as National Public Works Week in your community. This years theme is "Connecting the World Through Public Works". Public works is the thread that connects us all, no matter where we live in the world. Every public works professional strives to improve the quality of life for the community they serve, leading to healthier, happier communities.

The "Connecting the World Through Public Works" theme highlights the way public works professionals connect us physically, through infrastructure, and inspirationally, through service to their communities, whether as first responders, or daily workers carrying out their duties with pride.

Public works connectors help keep communities strong by providing an infrastructure of services in transportation, water, wastewater, and stormwater treatment, public buildings and spaces, parks and grounds, emergency management and first response, solid waste, and right-of-way management. They are what make our communities great places to live and work. Join us in celebrating the quiet work these professionals do that makes life better for all of us.

National Public Works Week is observed each year during the third full week of May and this is the 63<sup>rd</sup> year. The APWA encourages public works agencies and professionals to take the opportunity to celebrate the week by parades, displays of public works equipment, high school essay contests, open houses, programs for civic organizations and media events. The occasion is marked each year with scores of resolutions and proclamations from Mayors and Premiers and raises the public's awareness of public works issues and increases confidence in public works agencies like yours who are dedicated to improving the quality of life for present and future generations.

For your convenience, I have attached a sample Council proclamation that you may consider using. You may wish to go to <a href="www.publicworks.ca">www.publicworks.ca</a> for a digital copy of the proclamation and information about this year's theme and resources on making your Public Works Week a success. Also please consider entering your event for our annual awards as well as the National Public Works Week award from CPWA. <a href="www.cpwa.net">www.cpwa.net</a> If you have any further questions or require any additional information, please do not hesitate to contact Jeannette Austin, Executive Director at 403.990.2792. Thank you for making a difference.

Please note that declarations should be forwarded to <a href="mailto:office@publicworks.ca">office@publicworks.ca</a> or by mail to: APWA Alberta Chapter PO BOX 44095 Garside Postal Outlet EDMONTON AB T5V 1N6

### Celebrate Public Works Week

### What You Can Do

Proclamation

Ensure that your Municipality proclaims or recognizes NPWW! Contact us for a sample proclamation office@publicworks.ca

Public works superheroes help keep communities strong by providing an infrastructure of services in transportation, water, wastewater and stormwater treatment, public buildings and spaces, parks and grounds, emergency management and first response, solid waste, and right-of-way management. They are what make our communities great places to live and work. So, join us in celebrating these superheroes!

Support your superheroes by sending them to compete in the Equipment Roadeo and participate in the "Boots to Boardroom" Annual Technical Conference & Snow Show May 29 – June 1, 2023 at the River Cree Resort in Enoch AB.

See our website for details www.publicworks.ca

### **Environmental Campaign**

Develop a week of activities to improve the community's environment. Show the many ways public works departments contribute to your community's environmental health.

### Thought starters:

- Organize a tree-planting ceremony, recycling drive, public grounds clean-up or free, safe disposal of oversized items and household hazardous wastes.
- Launch a campaign to solicit organizations to adopt a highway or public park.

#### Public Works Exhibit

Create an exhibit to spotlight your organization's recent successes and emphasize how they benefit all citizens. Arrange to display your exhibit at libraries, community centers and shopping malls. You may be able to take advantage of a captive audience by exhibiting at a scheduled community event.

### Thought starters:

- Feature public works equipment, display photos of facilities and provide information on upcoming public works projects.
- Show a film or video of public works in action.
- When practical, have a representative from various departments staff the exhibit to answer questions and provide information.

### Rodeo/Equipment Shop

Display equipment your department uses in day-to-day operations. Give public works employees the opportunity to show the skill required to operate public works equipment.

### Thought starters:

- Select a location with high visibility such as a parking lot, city park, or public gathering place. Allow adequate time
  to research and reserve a location.
- Invite elected officials to participate in an activity during the event.
- Sponsor a regional contest and challenge other municipalities to a test of skills necessary to operate a backhoe, garbage pickup, forklift and lawn tractor.
- Emphasize safety; highlight the cost-effective measures and unique features of your equipment and vehicles.
- Have representatives from various departments show equipment and answer questions.

### Open House or Tour

An open house or tour offers participants a new perspective on public works and gives professionals an opportunity to discuss the daily operation at their facility. It also is a good time to gather community members opinions of public works projects and services.

### Thought starters:

- Plan the open house in conjunction with a dedication ceremony, an anniversary, or a celebration of a completed project.
- Select employees to serve as ambassadors or tour guides.
- Provide a forum for citizens to learn about various departments and their functions.
- Develop a survey to gather attendees' opinions about a public works project or service of importance to your organization.

### **Employee Appreciation Day**

Acknowledge the many accomplishments public works employees contribute throughout the year with a special recognition event.

### Thought starters:

- Sponsor a banquet to recognize outstanding performance, special achievements, safety records and attendance.
   Award honourees with a gift registration to a seminar, an engraved plaque, a special proclamation or a cash award.
- Include family members of honourees.
- Invite elected officials.
- Hold your event in a public works facility. For example, host a barbecue in an equipment garage.

### **Economic Development Week**

May 8-12, 2023

We all know that economic development is critical. It is the foundational work that helps to create jobs, support businesses, and improve the quality of life in communities large and small.

We encourage municipalities, large and small, to formally recognize and celebrate May 8-12, 2023 as "Economic Development Week" in their community and take part in our Community Challenge.

### **Alberta Community Challenge**

Alberta municipalities, join us to amplify economic development efforts in our province by taking part in the 2023 Community Challenge! Officially proclaim "May 8-12 as Economic Development Week."

For the third year in a row, we are working with our partners Alberta Municipalities and Rural Municipalities Alberta in order to encourage their members to get involved.

Involvement in the 2023 Community Challenge gives communities the opportunity to show their commitment to economic development, and strengthen support for the work of economic development staff. We encourage communities to:

- Customize the 2023 Sample Resolution
- Have your Council/Mayor officially proclaim the week in your community and sign the resolution
- Share the proclamation with local media, and on your social media pages, and tag us @edaalberta.
- Email <u>admin@edaalberta.ca</u> to have it added to the EDA website.

## OFFICE OF THE MAYOR

March 21, 2023

Office of the Minister Environment & Protected Areas 224 Legislature Building 10800 – 97 Avenue Edmonton, AB T5K 2B6

RE: Community Spaces Grant application by Barrhead Wellness Connection

Dear Minister Savage,

On March 14, Council heard from Evan Jamieson, President, Alberta Weekly Newspapers Association. Mr. Jamieson highlighted what impact changes to the EPR program would have on newspaper media.

The newspaper industry is already under extreme financial pressure due to increased costs of materials and inflation coupled with the decline in advertising spend and subscriptions. It might seem simple to discontinue physical publications in a digital world; however, digital excludes entire demographics of individuals who cannot access the internet. Newspapers serve as a source of information for those who still operate in an analogue world. A newspaper shuttering its doors due to additional expenses, will cut an entire demographic off from access to local, national, and international news.

We urge the UPC to follow in the footsteps of jurisdictions such as Great Britain and Ontario where newspapers have become exempt from similar EPR programs. Newspapers have multiple uses, offering a secondary purpose aside from providing information about the world. Among other uses, they are conducive as insulation for temperature sensitive products during transport and protect precious family heirlooms during a move. We urge you to recognize the importance of local papers and the impact the potential closure newspaper businesses would have on the social fabric of the communities they serve. Consider the challenges already faced. Follow in the footsteps of the Ontario government, and please exempt newspapers from the revised EPR program.

Regards,

Dave McKenzie
