REQUEST FOR DECISION

Meeting:	Committee of the Whole Meeting
Meeting Date:	June 23, 2020
Presented By:	Len Racher, Chief Administrative Officer
Title:	DELEGATION Henry Enns – 5G

BACKGROUND / PROPOSAL:

Please see attached letter from Mr. Henry Enns regarding 5G.

OPTIONS & BENEFITS:

The Committee of the Whole has the following procedural options:

1. Receive the presentation for information.
2. Refer to administration for further review.
3. Make a recommendation to Council for further action.

COSTS & SOURCE OF FUNDING:

N/A

SUSTAINABILITY PLAN:

N/A

COMMUNICATION / PUBLIC PARTICIPATION:

N/A

RECOMMENDED ACTION:

Simple Majority Requires 2/3 Requires Unanimous

That the presentation by Mr. Enns regarding 5G be received for information.

Author: C. Gabriel Reviewed by: _____ CAO: _____

Letter to Mackenzie County and Concerned Citizens About 5G:

My purpose in writing this letter is to inform the residents of this County of a grave menace that is being pushed upon us, almost silently—a matter of life and death—actually a matter of cancer, brain disease, DNA damage, cell damage, reproductive damage, and damage to human immune systems.

For reasons soon to be obvious, this letter is but a very superficial introduction to a threat of unheard-of proportions—threatening all of humanity but most immediately, our community.

While I was crossing the parking lot just east of the ball diamonds here in La Crete, I came across a most unusual sight--a conical mound obviously created by surveyors. A one-inch pipe protruded from its top. I immediately smelled a rat.

Since this was on land owned by Mackenzie county, the person most likely to have knowledge of this matter would be our Council member, Peter Braun. To my amazement, he knew nothing of it. This too was very strange. When we builders undertake a new project the first people we talk to are the planning people at Mackenzie county.

My suspicions were that someone was trying to introduce into our community a tower for the deadly new communication system known as 5G, and they were doing it as quietly as possible. This system is the successor of 4G but is 10,000 times as powerful and it comes with many serious health dangers. Little wonder that someone was being very quiet in its introduction.

Then, as a home owner situated in the area that is being threatened by this microwave tower, I received a package from Telus. It made much of

the many regulatory agencies that are involved, and they reach all the way back to Ottawa, but there was no mention of 5G...only of “microwave” antennas which 5G uses.

The people involved in the rollout of 5G are not of the Joe Blow variety and include the principal beneficiary and promoter, Billionaire, Bill Gates. A noteworthy aspect of Mr. Gates is that he desires that earth’s population be reduced by at least one billion people. Now how might a radio tower figure into the elimination of us, our children and grandchildren? Let me explain.

The human body is a marvel of technical ingenuity. For example, each of the trillions of cells in your body has a voltage-controlled gate that opens and closes regulating the amount of calcium that can enter that cell. The problem is, Electro Magnetic Frequencies from 5G cause these trillions of gates to open when they should be closed, flooding your cells with copious amounts of calcium, bringing on cell death and disease.

Another interesting fact is that high band 5G at 60GHz has a negative effect on oxygen, making the oxygen largely un-absorbable by our bodies.

Thousands of scientific studies reveal an extreme danger! 5G has been proven to cause cancer, brain disease, DNA damage, cell damage, reproductive damage and damage to human immune systems. Furthermore, it aggravates problems which may already be present in the person’s system.

You might ask, “Why would powerful and invariably rich people encumber the communities of earth, including ours, with such an horrendous hazard?” Two words seem to answer this question—“money and power.”

A second question might follow, “Who needs it?” Again, the answer is simple but not reassuring, “Those who wish to control the peoples of

earth”. (Author George Orwell wrote an amazing book about 70 years ago called “1984.” It is very enlightening). A reading of this book might cast some light on the question of why power-hungry people want to install 5G worldwide and are in an all-fired rush to do so.

Here we should interject that an alternative communication system is available and it is faster than 5G. It involves the transmission of light. True, it is more expensive to install than 5G but then, does not the health of the human race exceed in worth any product that one can sell? Yet, the telecom industry has so far, turned a deaf ear to thousands of scientific studies and warnings from doctors and scientists to halt the rollout of 5G.

The sequel to the emerging disaster can be expected to involve a new vaccine, but one with a difference. The afore mentioned Mr. Gates seems to be promoting a vaccine with a supplement of computer chips. Once in our bloodstreams, such chips would be helpful in controlling about every aspect of our lives. Some might want to consult a very reliable resource—Revelation 13:16-18.

Recently, a 5G Summit was held featuring first class scientists and doctors well versed in the dangers of 5G. The readers of this letter are well advised to tap into www.the5Gsummit.com to acquaint themselves with matters related to this silent scourge which threatens every aspect of the lives of mankind. Our little dirt mound, which incidentally has already suffered vandal violence, is but a very feeble messenger of huge things to come. But a messenger it is, and we should be listening and acting in our protection.

In conclusion, the danger that arises out of this 5G reality is twofold: First there is the very real threat to our bodies. The science of this can be illustrated by inserting live chickens into a microwave. We are the live chickens.

The second threat is the agenda for total government control of society by using a pervasive surveillance system that is dependent on the technology of 5G.

What can we do about such a huge problem? In a situation such as we have here at La Crete, where a death-spewing tower is to preside over our ball diamonds and our whole town we should surely do the best we can:

1. We can go to www.the5Gsummit.com to become informed.
2. We can shout with our loudest and shrillest voices from every housetop, our deepest disapproval.
3. We can pray.
4. We can contact our members of Parliament.
5. When we go to the polls, we can choose people with minds that are clearer than to accept this most criminal, irresponsible attack on our bodies.
6. We can sign what needs to become a huge petition to be collected from across our whole nation to halt this menace, just as San Francisco halted the use of facial recognition in its streets!

I know of no one who has extra brain cells to fry, nor length of days to squander, nor a great love for extra disease.

Protect yourself. Protect your children. Sign the new petition at:

www.change.org/Halt5GCanada

Yours truly,
Henry J. Enns
