BACKGROUND / PROPOSAL:

In May Council made the following resolution:

That Administration conduct a 2022 Fort Vermilion Residential Garbage Pick Up Survey and bring the results back to Council.

In September Council made a second resolution

That Administration develop a Residential Garbage Pick Up Tender to include both Fort Vermilion and La Crete and awarding in December 2022 to commence April 1, 2023.

Administration has completed an estimated count of hamlet residents that have current utility accounts and are not commercial or industrial. This figure is 230

With an understanding that there will be extra residential residents within the next 2 years and some residents may elect to have an extra bin, administration requested a quote for 300 bins from the manufacture. (see attached)

It must also be pointed out that the purchase of all bins will be charged back to the users.

Bylaws, and Policies require amendment to ensure delivery of this program.

EXECUTIVE SUMMARY

2023 OPERATING DRAFT BUDGET HIGHLIGHTS – OCTOBER 26, 2022

Mackenzie County administration has drafted this budget on the current service levels adopted by Council. Administration is requesting Councils direction to assist in gaining additional information and direction which Council would like administration to ensure the County is providing value for the property tax dollar reflected in the proposed 2023 Operating and Capital Budgets.

Administration has developed the 2023 budget on a tax and user pay supported budget, while limiting the effect of service levels. User pay revenue assists in offsetting the shortfall in revenue from tax levies, while not effecting the residential, and non-residential mill rates. This is a budget that looks at the now – it prioritizes maintaining essential services and programs and supports initiatives to help decrease the burden on our residents during these challenging times. It is also forward-thinking, ensuring our investments support community sustainability and quality of life today.

Expenditure shifts are primarily due to anticipated, increase in utility costs such as fuel, electricity, fuel, natural gas, and electricity. Insurance increases, as well as the increased Police Costing Model share weighted heavily on this year’s budget development. Included in this draft budget are contributions to reserves while budgeting for bad debt/write off of taxes, and while maintaining the current regraveling program, and need for culvert replacements.

Overall the County’s taxation expenditures after budget meeting amendments are proposed at \$34,766,438 which is a decrease of \$978,611 compared to the 2022 budget. As one time projects are not incorporated into this draft budget, \$902,394 of this decrease is comprised of this decrease, as well as the gravel crushing program. Unfortunately, the increase in utilities, and costs outside of administrations control weighted heavily on this budget offsetting these reductions.

There is an anticipated reduction in linear assessment, a 1-2% increase in residential growth, and user pay revenues, to fund these changes.

The County’s objective is to have a balanced budget once all budget deliberations, and Council service level amendments are incorporated.

The County continues to be affected by many factors that put upward pressure on the budget. These include industry shutdowns, non-payment of taxes, inflation, reductions in provincial/federal funding, escalating infrastructure renewal and maintenance costs, changing legislative requirements and fuel/electrical utility cost pressures.

Provincial & Federal Fiscal Retrenchment & Impacts

The following are examples of additional challenges the County has managed as a direct result of fiscal retrenchment and policy impacts of the upper tier governments:

- Estimated Provincial Municipal Sustainability Initiative funding for operating has been incorporated into the draft budget.
- The provinces ongoing changes to taxing Oil & Gas companies, or more specifically the Machinery & Equipment reductions has a negative impact on Municipal taxes.
- The future impact of the Carbon Tax has been budgeted as an expenditure of approximately \$166,400 by the County on the goods (fuel, utilities, etc.) required for service delivery.
- Imposing service standards changes via legislation and regulations without any financial support.
- Police costing model, where municipalities are responsible for funding a portion of the cost of Provincial Police Services.

OPERATING BUDGET OVERVIEW

The 2023 Proposed Operating Budget was prepared on the premise that the County will deliver the same level and quality of services approved in the 2022 Operating Budget. The decrease in the base operating budget is \$998,611. This is comprised of a combination of negative and positive expenditure and revenue shifts including an increase in reserve allocations for future projects.

Exhibit 1: Revenue Changes included in the Operating Budget details the shifts and reasons driving these revenue changes. These revenue changes show an overall decrease of \$3,711,160. These changes are detailed in Exhibit 1 below.

Exhibit 2: Expenditure Changes Included in the Operating Budget details the shifts and reasons driving these changes. These expenditure changes show an overall decrease of \$998,611. The major changes are detailed in the notes explaining Exhibit 2 below.

Exhibit 1: Revenue Changes in the Operating Budget \$3,711,160

[100] Municipal Taxes has an overall estimated decrease of \$5,646. Anticipated reduction in linear assessment due to industry shutdown while taking into account residential & Non-residential growth at the current mill rate, and farmland minimum.

[420] Sale of Goods and Services has been decreased by \$180,584 to reflect an average user pay model for services such as dust control, waste management, and campground user fees.

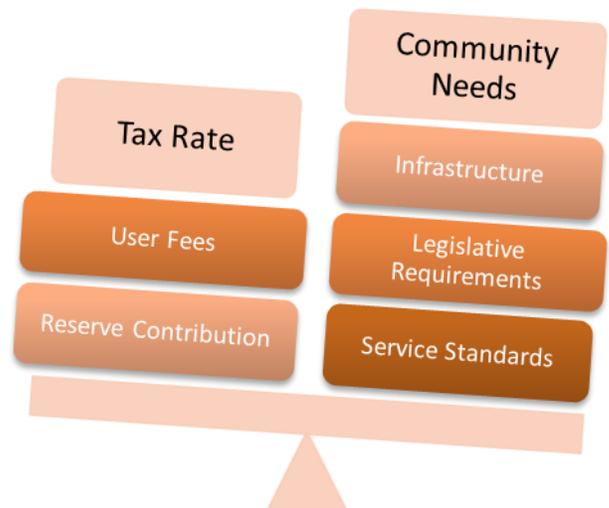

[421] Water Metered has been increased by \$52,870 to reflect three-year sales average and growth factor. New anticipated customers have been included in this calculation.

[422] Bulk Water Sales has been increased by \$13,485 to reflect the growth forecast.

[840] Provincial Grants have decreased by \$48,502. The decrease is for the agreement to for Linear assessment services expiring in March 2023.

The 2018 Overland flooding, 2019 Chuckegg Creek Wildfire, and 2020 and 2021 Overland Flooding are reflected in each year respectively in both Expenses & Revenues, as the County funded expenses for these events and made grant applications under the Disaster Recovery Program for reimbursement.

[930/940] Contribution from Operating/Capital Reserves have decreased by \$2,981,411 in large part for the gravel crushing program, and that the one time projects are not incorporated into the existing draft budget. Included in the 2022 operating budget is funding for the gravel crushing program, and numerous one-time projects which are funded from reserve draws and or external grant funding. Reserve draws were approved to off set costs for 3 Planning & Development projects, and the gravel crushing in 2022, allocations to the gravel reclamation, roads, water / sewer, and municipal reserves. The only reserve funding currently allocated in the draft 2023 operating budget is \$50,000 for gravel reclamation that operations anticipated completing this year.

Exhibit 2: Expenditure Changes in the Operating Budget \$998,611

[110] [132] [136] Wages and Benefits had an increase of \$164,152. The changes from the 2022 approval reflect the following: Approved position additions to summer staffing, public works, and operations while ensuring service levels, and other adjustments and benefit premiums account for the balance.

[151] Honoraria's have increased by \$28,401 to reflect a projected increase for council attendance at conferences, workshops, and meetings. It is anticipated that Council will be able to attend more conferences with Covid 19 restrictions removed and the wish to engage with new Provincial Ministers

[211] Travel and Subsistence increased by \$55,836 which reflects an increase of administration and Council attending scheduled conferences, and training courses due to conferences and courses returning to pre-Covid restrictions.

[214] Memberships & Conference fees increase of \$16,607 which reflects the increase in Council and administration courses being offered.

[215] Freight increase of \$29,500 which reflects the increase in freight costs due to the continual rising cost of fuel.

[236] Enhanced Policing fee increased by \$248,577 based off of the Police Costing Model for 2022-2023.

[252] Repairs and Maintenance Buildings reflects a small decrease of \$15,790 based on anticipated repairs identified for 2023.

[253] Repairs and Maintenance Equipment reflects an increase of \$58,600 based on anticipated increase in costs for repairs identified for equipment.

[260] Roadside Mowing and Spraying reflects an increase of \$47,361 due to contract obligations, and the rising cost of fuel.

[274] Insurance increased by \$111,244 based on multiple natural disaster events province wide being reflected in insurance premiums.

[511] Goods and Supplies increased by \$302,060 based on the high demand for culverts and the replacement of culverts throughout the county. Operations, and the Agriculture department are

requesting funds to assist in identified operational needs. Some costs are being offset by inventory as administration has obtained culverts before anticipated increase in pricing.

[521] Fuel and Oil reflects an increase of \$516,904 based on staffing, current actual averages, and the continual increase to cost of fuel.

[534] Gravel Regraveling cost, and gravel crushing fees are included within this budget. Gravel crushing in undertaken every 3 years, and funded primarily from reserve funding that is allocated on a yearly basis when able. Culvert allocated from inventory are also included within this budget line.

[543] [544] Utilities (Natural Gas & Electricity) increase of approximately \$235,112 reflecting current actual averages, with anticipated increased pricing for 2023.

[735] Grants to Organizations increased slightly by \$13,800 due in large part to anticipated increase in utility costs. Grants awarded in 2022 have been included in this draft operating budget.

[831] [832] Interest & Principle on Debt is reduced by \$206,265 as projects funded by debenture were fully funded.

[763] [764] Contributions to reserves are reflected at \$3,697,272 to assist with funding future operating & capital expenditures. Included in these contributions are specific revenues that should be contributed to the reserves namely: Municipal Reserve Revenue; Gravel Reclamation Reserve; and Off-Site Levies totalling, Water/Sewer Reserve, and Road Reserve. Refer to Exhibit 5 which shows the 2023 contributions/draws to/from reserves.

The municipality has entered into multiple large dollar tax payment agreements in 2021, and 2022, however based on anticipated needs and analysis of aging schedules related to various taxes outstanding, to ensure fiscal responsibility, this bad debt amount is best practice.

[One Time Projects] No One Time Projects have been incorporated into the draft operating budget.

Exhibit 3: One-Time Projects 2023

Historically the County has considered items during budget deliberations that have been identified as one-time projects. As Council was very budget conscious in 2022, minimal new one-time Projects were approved. Administration will be presenting the current one time projects that administration has identified as completed, is requesting be carried forward, or requiring additional funds.

There is only 1 one-time project for 2023 that administration is requesting of Council, and will be presented during this budget meeting.

While all the initiatives proposed by staff address legitimate County concerns, Council has the opportunity during and after budget deliberations to amend, defer, or delete, any or all of the proposed items.

Exhibit 4: 2023 New/Amended Fees for Service Initiatives

Departments demonstrated financial constraint by submitting a limited number of funding requests to maintain service levels, funding sources, or offer new programs which are included in the budget summaries presented above. The 2023 draft budget would be amended based on Council’s directive of these New Initiatives.

While all the initiatives proposed by staff address legitimate County concerns, Council has the opportunity during budget deliberations to amend, defer, or delete, any or all of the proposed items.

While the County must collect municipal taxes to fund essential services like fire, waste management, road maintenance, and water supply, Council continues to request administration review, and identify areas to reflect more of a user pay model.

Some service levels requested to review are noted below. Any approved new/amended fees for service initiatives have been incorporated into the 2023 operating budget.

The following Exhibit 4 summarizes these requests.

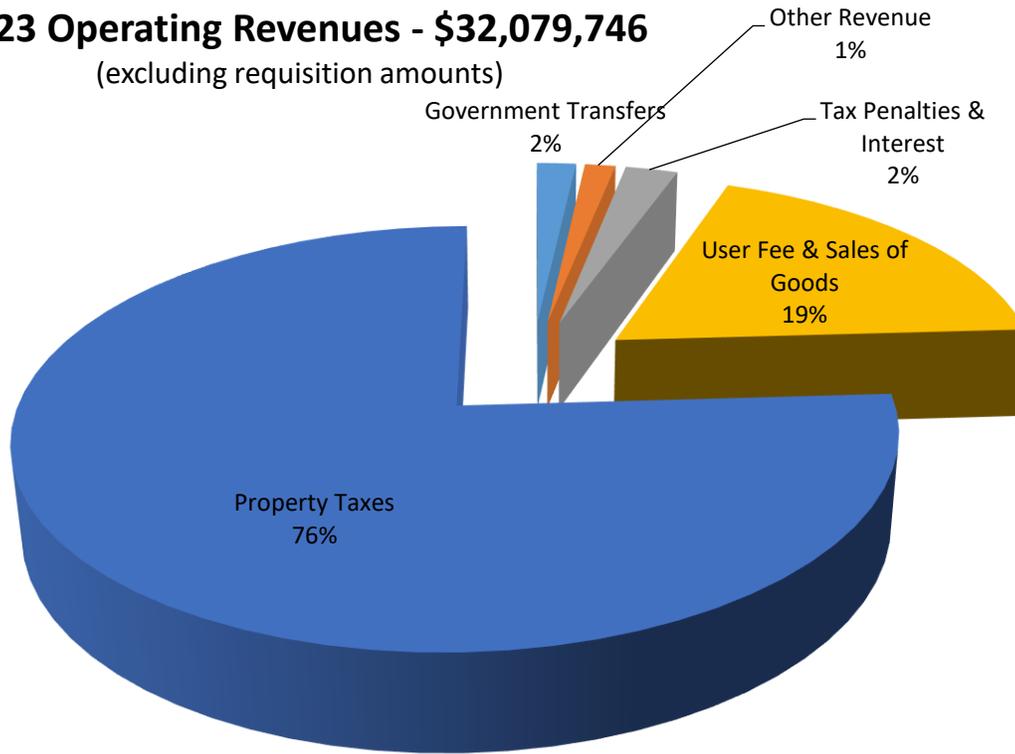

Description
User Pay Model – Dust Control, Snow plow services, Sidewalk Maintenance, Waste Management
Minimum Tax Rate - Farmland
Any other amendments as identified by Council and administration

Title:	Organization Chart Review

BACKGROUND / PROPOSAL:

As part of the 2023 budget development, Council reviews the Organization Chart for review of levels of service, and any amendments recommended by administration.

All positions approved in the September 13, 2022 Organizational Chart are included in the 2023 Draft Operating Budget. Any amendments presented would be incorporated in to the budget once approved.

Over the past several months, it has been identified that the records management system is several years behind in scanning, and ensuring documentation is available on DocuShare. With the transition to Docushare a couple years ago, there was information on in hardcopy that required scanning, along with and documents that administration may have stored within their offices. This backlog, along with the additional documentation being received, as well as the yearly information has caused not all documentation to be most current on Docushare. To assist in ensuring that the information is processed, administration is requesting that a one year Temporary Records Clerk be incorporated into the 2023 Draft Operating Budget.

Administration is continuing to review required service deliveries which may impact the organizational chart. Administration will present any recommendations to Council at a future meeting.

Meeting:	Organizational Council Meeting
Meeting Date:	October 26, 2022
Presented By:	Jennifer Batt, Director of Finance
Title:	Bylaw 1272-22 Honorariums and Related Expense Reimbursement for Councillors and Approved Committee Members

BACKGROUND / PROPOSAL:

A municipal council establishes a bylaw that outlines types of meetings and activities for which the honorariums and reimbursable expenses, and at what levels, can be claimed.

This bylaw is reviewed annually by Council at the organizational meeting.

OPTIONS & BENEFITS:

The current Bylaw 1241-21 which was approved on December 7, 2021 states the following in regards to transportation expenses:

- 8. *Mileage shall be paid at a flat rate of \$0.63 for each kilometer travelled by each Councillor or Committee Member who is travelling with their personal vehicle on business of the municipality or its committees. Such mileage shall be calculated from the place of residence of the Councillor or Committee Member to the place of the meeting and return. In addition, such mileage allowance shall apply to any approved convention or seminar.*

The discussion at the time was that mileage shall be paid at the Canada Revenue Agency Reasonable allowance rate plus an additional \$0.04.

As the Reasonable allowance rate fluctuates, administration is recommending that a reference to the Canada Revenue Agency Reasonable allowance rate replace the dollar (\$) value within the bylaw for consistency with Councils request.
