

Mackenzie County

Title	Utility Locates and Planning	Policy No:	UT001
--------------	-------------------------------------	-------------------	--------------

Legislation Reference	Municipal Government Act, Section 5 (b)
------------------------------	--

Purpose Locates required due to public work patch jobs (Underground Utilities).

POLICY STATEMENT AND GUIDELINES

Underground Utilities

When a Public Works crew of Mackenzie County finds it necessary to operate on or around underground utilities; either the Director of Utilities, Manager of Operations, or designate shall notify Utility Safety Partners prior to commencement of construction.

Utilities Planning – Major Road Projects

Upon setting the municipal budget and the associated road priorities the Director of Utilities, and Manager of Operations meet with the respective utility companies and advise them of the municipality's planned road and utility construction programs. Thereafter, appropriate notice shall be provided to the specific roads and/or utility companies affected by the municipality's road projects on a project by project basis (2 or 3 weeks, if possible).
