

PUBLIC NOTICE

from

COMPASS Assessment Consultants Inc.

In the past, you may have seen us walking or driving around your neighbourhood. Perhaps you've answered the door to one of our assessors asking to verify the details of your home. The Residential Request for Information (RRFI) is looking to expand our engagement with the people we serve. By sending these questionnaires, we hope to interact with ratepayers on their own schedule. Making it quick and easy for property owners to confirm and provide information to their municipal assessor.

You have been mailed a RRFI to confirm and update information on the assessment record. The link below will direct you to the secure site where you will be able to submit your response.
